## 5F4 - ROJAS HULL

---

First published in 1776, the book offers one of the world's first collected descriptions of what builds nations' wealth, and is today a fundamental work in classical economics. By reflecting upon the economics at the beginning of the Industrial Revolution, the book touches upon such broad topics as the division of labour, productivity, and free markets.

Description. Now updated to address recent developments in the post-9/11 world, A World of Nations, Second Edition, provides an analytical narrative of the origins, evolution, and end of the Cold War. Much more than a simple account of the long struggle between the two superpowers, this vibrant text opens with chapters exploring the development of regional conflicts--ethnic, religious, cultural, economic, and military--that dominated international relations until the breakup of the Soviet Union.
