**Teva Active Pharmaceutical Ingredients - Wikipedia**

The ICH guidance Q7 Good Manufacturing Practice Guidance for Active Pharmaceutical Ingredients is intended to provide guidance regarding good manufacturing practice (GMP) for the manufacturing of active pharmaceutical ingredients (APIs) under an appropriate system for managing quality.

**API Development & Manufacturing | CordenPharma**

**Active Pharmaceutical Ingredients - Good Manufacturing ...**

Abstract: Active Pharmaceutical Ingredients (API) of good quality are core to the manufacturing of effective and safe essential drugs. The price of APIs is the main cost driver for manufacturing. Only a limited number of large manufacturers of finished pharmaceutical products have their own API manu-

facturing capabilities, and none of them can make all required APIs in-house.

Good Manufacturing Practices (GMP) for Active Pharmaceutical Ingredients (APIs) (GUI-0104) is a guide used by companies to understand the requirements and meet Division 2 of the Food and Drug Regulations. This draft guide was available for public consultation in the fall of 2012.

Bespoke Active Pharmaceutical Ingredient Development. We pride ourselves on being flexible and tailoring our active pharmaceutical ingredient (API) development services to meet each project's requirements.
