Dire wolves inhabited the Americas, from 1.8 million years ago to about 10,000 years ago. Note that the name of the real-life animal is spelled as two words, "dire wolf", but that the name in the A Song of Ice and Fire novels is consistently spelled as one word, "direwolf".

Bringing in a pack alpha like this one would almost guarantee a healthy bonus in Chloe's future. Though she had to admit, an expanding bank account had not been her first thought when the wolf had entered her office. She was used to meet-

ing powerful supernaturals, given the nature of her work, but this alpha had seemed to fill the small room.

The alpha wolf often chooses one mate, an alpha female, to mate and breed with. Depending on its courtship, this bond may last until the death.
