\* A Washington Post Notable Fiction Book of the Year \* Named a Best Book of 2017 by NPR, The Guardian, The Boston Globe, St. Louis Dispatch From the thrilling imagination of bestselling, award-winning Colm Tóibín comes a retelling of the story of Clytemnestra and her children—"brilliant...gripping...high drama...made tangible and graphic in Tóibín's lush prose" (Booklist, starred review). "I have been acquainted with the smell of death." So begins Clytemnestra's tale of her own life in ancient Mycenae, the legendary Greek city from which her husband King Agamemnon left when he set sail with his army for Troy. Clytemnestra rules Mycenae now, along with her new lover Aegisthus, and together they plot the bloody murder of Agamemnon on the day of his return after nine years at war. Judged, despised, cursed by gods, Clytemnestra reveals the tragic saga that led to these bloody actions: how her husband deceived her eldest daughter Iphigeneia with a promise of marriage to Achilles, only to sacrifice her; how she seduced and collaborated with the prisoner Aegisthus; how Agamemnon came back with a lover himself; and how Clytemnestra finally achieved her vengeance for his stunning betrayal—his quest for victory, greater than his love for his child. House of Names "is a disturbingly contemporary story of a powerful woman caught between the demands of her ambition and the constraints on her gender...Never before has Tóibín demonstrated such range," (The Washington Post). He brings a modern sensibility and language to an ancient classic, and gives this extraordinary character new life, so that we not only believe Clytemnestra's thirst for revenge, but applaud it. Told in four parts, this is a fiercely dramatic portrait of a murderess, who will herself be murdered by her own son, Orestes. It is Orestes's story, too: his capture by the forces of his mother's lover Aegisthus, his escape and his exile. And it is the story of the vengeful Electra, who watches over her mother and Aegisthus with cold anger and slow calculation, until, on the return of her brother, she has the fates of both of them in her hands.

Beneath the porch of the country-seat called Tang-lewood, one fine autumnal morning, was assembled a merry party of little folks, with a tall youth in the midst of them. They had planned a nutting expedition, and were impatiently waiting for the mists to roll up the hill-slopes, and for the sun to pour the warmth of the Indian summer over the fields and pastures, and into the nooks of the many-colored woods. There was a prospect of as fine a day as ever gladdened the aspect of this beautiful and comfortable world. As yet, however, the morning mist fil-led up the whole length and breadth of the valley, above which, on a gently sloping eminence, the mansion stood.

Award-winning graphic artist Gareth Hinds masterfully reinterprets a story of heroism, adventure, and high action that has been told and retold for more than 2,500 years--though never quite like this. With bold imagery and an ear tuned to the music of Homer's epic poem, Gareth Hinds reinterprets the ancient classic as it's never been told before.

A brilliantly original, landmark retelling of Greek myths, recounted as if they were actual scenes being woven into textiles by the women who feature prominently in them—including Athena, Helen, Circe and Penelope "Greek myths were full of powerful witches, unpredictable gods and sword-wielding slayers. They were also extreme: about families who turn murderously on each other; impossible tasks set by cruel kings; love that goes wrong; wars and journeys and terrible loss. There was magic, there was shape-shifting, there were monsters, there were descents to the land of the dead. Humans and immortals inhabited the same world, which was sometimes perilous, sometimes exciting. "The stories were obviously fantastical. All the same, brothers really do war with each other. People tell the truth but aren't believed. Wars destroy the innocent. Lovers are parted. Parents endure the grief of losing children. Women suffer violence at the hands of men. The cleverest of people can be blind to what is really going on. The law of the land can contradict what you know to be just. Mysterious diseases devastate cities. Floods and fire tear lives apart. "For the Greeks, the word muthos simply meant a traditional tale. In the twenty-first century, we have long left behind the political and religious framework in which these stories first circulated—but their power endures. Greek myths remain true for us because they excavate the very extremes of human experience: sudden, inexplicable catastrophe; radical reversals of fortune; and seemingly arbitrary events that transform lives. They deal, in short, in the hard, basic facts of the human condition." —from the Introduction

The Newbery Medal-winning author of *Good Masters! Sweet Ladies!* gives readers a virtuoso performance in verse in this profoundly original epic pitched just right for fans of poetry, history, mythology, and fantasy. Welcome to ancient Greece as only genius storyteller Laura Amy Schlitz can conjure it. In a warlike land of wind and sunlight, "ringed by a restless sea," live Rhaskos and Melisto, spiritual twins with little in common beyond the violent and mysterious forces that dictate their lives. A Thracian slave in a Greek household, Rhaskos is as common as clay, a stable boy worth less than a donkey, much less a horse. Wrenched from his mother at a tender age, he nurtures in secret, aided by Socrates, his passions for art and philosophy. Melisto is a spoiled aristocrat, a girl as precious as amber but willful and wild. She'll marry and be tamed—the curse of all highborn girls—but risk her life for a season first to serve Artemis, goddess of the hunt. Bound by destiny, Melisto and Rhaskos—Amber and Clay—never meet in the flesh. By the time they do, one of them is a ghost. But the thin line between life and death is just one boundary their unlikely friendship crosses. It takes an army of snarky gods and fearsome goddesses, slaves and masters, mothers and philosophers to help shape their story into a gorgeously distilled, symphonic tour de force. Blending verse, prose, and illustrated archeological "artifacts," this is a tale that vividly transcends time, an indelible reminder of the power of language to illuminate the over- and underworlds of human history.

An Armenian folktale about two robbers courting the same girl.

Reception studies have transformed the classics. Many more literary and cultural texts are now regarded as 'valid' for classical study. And within this process of widening, children's literature has in its turn emerged as being increasingly important. Books written for children now comprise one of the largest and most prominent bodies of texts to engage with the classical world, with an audience that constantly changes as it grows up. This innovative volume wrestles with that very characteristic of change which is so fundamental to children's literature, showing how significant the classics, as well as classically-inspired fiction and verse, have been in tackling the adolescent challenges posed by metamorphosis. Chapters address such themes as the use made by C S Lewis, in *The Horse and his Boy*, of Apuleius' *The Golden Ass*; how Ovidian myth frames the Narnia stories; classical 'nonsense' in Edward Lear; Pan as a powerful symbol of change in children's literature, for instance in *The Wind in the Willows*; the transformative power of the Orpheus myth; and how works for children have handled the teaching of the classics.
