The Complete 2019 Echo Show 5 and Echo Dot User Guidelf you want to get into the world of the digital assistant with both audio and video, this is as good a starting point as we've come across. The Echo Show 5 is the latest in a long and fast-moving line of Amazon products intended to get us all invested in its virtual assistant, Alexa. This voice-activated software will listen to your commands and (most of the time) comes up with appropriate responses to get the job done. That job might be reading the weather forecast, or telling you who won the 1962 World Cup; turning the lights off and the heating down in the front room; finding a recipe and reading out step-by-step instructions; playing music from your personal playlists on Spotify or Amazon Music and, of course, much more. The technology has been around for a few years now, and the abilities of the magical little assistant inside your wireless pieces of kit are getting more impressive by the month. Likewise, Alexa is more likely to understand precisely what it is that you are asking of her. Where much of the Alexa-enabled kit out there is audio based, concentrated on the Bluetooth speaker market in particular, the Echo Show 5 embraces both sound and video in its abilities to communicate. So, as well as playing music or reading out information, you can access video content on the 5.5in LCD touchscreen. This book is a step-by-step guide to maximize your Alexa experience. This guide covers all aspect of the Echo Show and Echo Dot including: - Getting Started with the Echo Show- How To Set Up The Amazon Echo Dot- What Is Alexa Voice Shopping, and How Do You Use It?- How to Enable Alexa's Follow-Up Mode- Watching videos with the Echo Show including Movie trailers & Amazon video- Controlling Fire TV- Controlling Dish TV- How to Connect a Nest Thermostat to Alexa- How to Connect Philips Hue Lights to Amazon Echo- How to add an Amazon Echo Sub and configure Alexa EQ settings- How to Connect an Amazon Echo to a Harmony Remote- How to create an Amazon Echo stereo pair- Alexa Tips & Tricks- Playing music unlimited such as: - Pandora- Spotify - iHeartRadio- SiriusXM &- Tunein- Playing Audio Books- Listening to Kindle ebooks- Calls and Messaging- Operating the Alexa Skills- How to Connect a Nest Thermostat to Alexa- How to make Alexa Routines - smart home automation made easy- How to Connect a Nest Thermostat to Alexa- How to Connect Philips Hue Lights to Amazon Echo- How to set up and use Alexa smart home groups- How to Use Multi-Room Music with the Echo Show- How to See and Delete Alexa's Recordings of You- Reminders, Alarms & Timers - Much, much, more! It is a great device with a lot of useful features to harness by every user. However, it can be difficult to navigate your Amazon Echo Show 5 devices without a COMPLETE guide. Johnny Cott beginners guide has come to the rescue. You'll learn how to master your Alexa-enabled Echo Show within 60minutes. Yes, 60 minutes!!!Below is a preview of what to expect: Amazon Echo Show From Beginner To Advanced The Amazon Echo Show is the next upgrade for Alexa - you'll hear a lot of people saying it's Alexa with a screen. That being said, you can say that this is a visual upgrade so to speak. Now Alexa can provide you with some visuals. Of course, if you're a fan of the Echo and other previous products in this line, you may have already figured out that there are controls and commands that are easier to access with something visual or on-screen, right?And that is what the Echo Show gives you and more. Some have said that the experience with this "version" of Alexa is that you now let her see you and you in a way see her. So what should you expect from this device? Here's a little sneak peak: For one thing it is easy to use. There are features from Alexa that are definitely a lot better with some visual displays such as lists and timers for instance. It can play video. Now, that's something you can't do with a smart speaker. You also get visual search results. Are there things that the boys from the Amazon think tank should improve on? The answer is yes. Note that the Echo Show has tons of potential, which is why the competition is hard at work trying to match it. However, here are a few downsides that everyone should know about: It has no privacy shutter - that means people can Drop on you and of course you can't deny access to the person calling (aka see what you're up to at the moment when they start the video conference). Some of the skills that come with this Show are good but there are a few kinks that do need some work. We all know that Amazon's smart digital assistant is always improving and the Echo Show is proof of that. Here in this book we'll cover everything you need to know about it and we're unabashedly going to include both what's to like about it and what not. Get Your Copy Right Now!
