930 - FORD PORTER

"The framing must allow one to express the composition choices of the picture." Framing and composition are the keys to a good photograph. Well to a good panorama too. Now I guess that panoramas remain easy to comprehend when you like and feel this wide format, certain pitfalls must be avoided for those who discover this peculiar format...

The Photomerge™ command combines several photographs into one continuous image. For example, you can take five overlapping photographs of a city skyline, and then merge them into a panorama. The Photomerge command can assemble photos that are tiled horizontally as well as vertically.
