Automate the Boring Stuff with Python Programming Course ...

This course follows the popular (and free!) book, Automate the Boring Stuff with Python. Automate the Boring Stuff with Python was written for people who want to get up to speed writing small programs that do practical tasks as soon as possible. You don't need to know sorting algorithms or object-oriented programming, so this course skips all the computer science and concentrates on writing code that gets stuff done. Automate the Boring Stuff with Python, 2nd Edition: Practical Programming for Total Beginners 2, Sweigart, Al, eBook - Amazon.com.

Automate the Boring Stuff with Python: Practical Programming for Total Beginners Albert Sweigart Published by No Starch Press. For my nephew Jack. About the Author Al Sweigart is a software developer and tech book author living in San Francisco. Python
