### What is Bank Management - TA Consult

Bank Management Simulation (BMS) is an interactive computer bank management simulation. Students assume the role of senior management of a commercial bank, involving themselves in the group dynamics and managerial skills of managing a bank in a competitive environment with changing economic conditions.

The management and regulatory environment of commercial banks has seen rapid change in recent years. This modern introduction to commercial bank management is the most current in the market and reflects changes during the last year that competing books do not.

Founded in 1987, Bank Management Services provides a variety of specialized "value-added" services in order to help bankers help themselves. Because we are former bankers ourselves, we can relate to the challenges you are facing in today's increased regulatory environment. We don't just audit.

### Bank Management Services | The Help Bankers Want

The Colorado Bankers Association represents more than 95 percent of the \$146 billion in assets within the 131 banks operating in Colorado. On behalf of the 21,172 men and women who work within a regulated, traditional Colorado bank, CBA works with government to continually improve the banking industry in this rapidly changing environment.
