Synopsis. Based on a true story, Bat 21 follows the harrowing adventures of Lt. Colonel Icael Hambleton (Gene Hackman), whose plane is shot down over enemy territory while on reconnaissance behind enemy lines in Vietnam. Because Hambleton used to call the shots from behind a desk, he lacks combat survival experience and is forced to adapt while the enemy surrounds him on all sides.

"BAT\*21" is the kind of lean, no-nonsense war film Hollywood used to make back before the subject became burdened with metaphysical insights. It's the story of a middle-aged Air Force colonel's attempt to survive behind enemy lines, where he has no business being in the first place, and about how a

stubborn spotter pilot returns time and again in a light aircraft to keep his spirits up.

Jolly Greens forever Bat 21 was a very in-

formative book revealing the very hazardous missions the Jollies flew attempting to rescue downed airman. I was a Naval aviator during the Vietnam crisis flying A4's from the deck of the USS Intrepid. Before each and every mission over N. Vietnam I had full confidence I would be rescued by the Jollies had I been shot down and survived.

"Bat 21" is an exciting thriller about survival. And it also manages to say something about the victims of war, and how distance makes the difference to the soldier.

Bat 21 is a movie I come back to every few years. There are only a small number of movies that I seek out to watch more than once. While not the most theatrically outstanding movie I found the story of loyalty, sacrifice, and dedication on Capt. Clark's part and the forced awakening of Lt Col. Hambleton to the reality of the Vietnam war up close and personal.
