In a behavioral job interview, the company asks questions about your past work experiences in order to find out if you have the skills needed for the job. Behavioral-based interview questions focus on how you handled various work situations in the past. Your response will reveal your skills, abilities, and personality.

Behavioral Interview Questions and Answers Common behavioral interview questions include those that explore the ability to problem solve, use your initiative and make sound decisions using reliable judgment. These behaviors are considered key to successful performance in a wide range of jobs.

Behavioral job interview techniques are used by all types of companies. Unlike traditional job interview questions that ask you to describe what you did in a role or to share qualifications, these questions seek concrete examples of skills and experiences that relate directly to the position.

Here are some of the most common behavioral questions interviewers ask, and ways to answer them: 1. "Tell me about the toughest decision you've had to make in the past six months." The goal is to...

STAR Method Technique Interview Questions & Answers **Behavioral Interview Questions and Best Answers**

Behavioral interview questions require candidates to share examples of specific situations they've been in where they had to use certain skills. According to the Society for Human Resource Management, the answers "should provide verifiable, concrete evidence as to how a candidate has dealt with issues in the past." In short, it's a way to let your past work performance prove what you're capable of doing in the future for this potential employer.

Unlike typical interview questions, behavioral questions require you to respond with examples that demonstrate your past behavior. A good answer provides hard, real-life evidence of your soft skills, proving whether or not you're a good fit for the job at hand.

Ten Tough Interview Questions and Ten Great Answers

Behavioral interview questions are a big part of most job interviews. Employers and hiring managers use these types of questions in order to get an idea if you have

the skills and competencies needed for the job. The rationale is that if they know how you performed in the past it will help give a sense of how you might do in the future.
