Walt Disney said, "It's kind of fun to do the impossible." He must have had a lot of fun, then. How did he and others like him accomplish so much? Breakthrough Power for Leaders shares their secrets. For each day of the year, Breakthrough Power for Leaders provides four great quotes, usually from leaders known for their outstanding accomplishments. The first quote is humorous, which will put you in a good mood ready to face life's challenges. The other quotes will help you: 1) build an unshakeable foundation, 2) pursue and fulfill your dreams, 3) impact others, 4) improve your relationships, and 5) find time for renewal. You can read all four quotes in one minute, so you can squeeze them in before you start your breakthrough day. "I claim to be no more than an average man with below average capabilities," said Mahatma Gandhi. "I have not the shadow of a doubt that any man or woman can achieve what I have if he or she would put forth the same effort and cultivate the same hope and faith." So, yes, you too can be a great leader.

How To Write Anything: The Format Of What You Write May Change But The Process Of Writing Anything Remains The Same This book is called How To Write Anything, and I confess there is some ego involved in the title. But then I've been a professional writer for over 40 years. As one of Canada's most successful writers and authors, I have written hard news articles, soft news and feature articles, advertising and promotional copy, media releases, reports and proposals, case studies, research papers, email messages, website content, tweets, blog posts, and other online content. I have also written over 20 books on business, promotional and online writing and other topics, such as writing articles, memoir writing and living with Multiple Sclerosis, a disease that I have, but one that has not prevented me from writing or training. I've also written a collection of short stories, poetry, and a couple of plays. So while I haven't written everything, I've written many things. The fact is that you can't read this book and go forth and write anything if you are not familiar with the format or structure of the document that you want to write--be it non-fiction or fiction. For instance, if you want to write a report, you do so using

the methods in this book. However, you have to know how to structure reports. The same is applicable to email, social media content, articles, promotional content, case studies, reports, white papers, PowerPoint presentations, speeches, website content, short stories or novels. So some of you reading this book might still have some learning to do. However, I suspect most of you know the structure of the documents you want to produce and you will be able to immediately apply the methods outlined in the book to writing any document that you need to write.

The enduring legacy of a legendary investor Called the "greatest stock picker of the century" by *Money* magazine, legendary fund manager Sir John Templeton is remembered as one of the world's foremost investors, known for his pioneering insights and phenomenal investment performance over a professional career which

spanned more than half a century. *Templeton's Way with Money* provides a unique, professional 21st century appraisal of what made this formidable investor the success he was—and why his methods remain as valid today as they were during his long and successful lifetime. Written by two investment experts, one of whom worked closely with Sir John for ten years, and drawing on previously unpublished documents, the book explains in detail how John Templeton's simple but effective investment philosophy of riding out the ups and downs of the market cycle continues to be as relevant as ever for professional and private investors alike. Key features include: A fresh and detailed reappraisal, drawing on a number of previously unpublished documents, of the philosophy which Templeton applied to the two phase of his investment career—first as an investment counsel, and latterly as the most successful global fund manager of his generation A detailed and original study of the performance of the Templeton Growth Fund, demonstrating in detail how Templeton achieved the Holy Grail of investment—above average returns with below average risk First hand accounts from former colleagues of their experience in working with Templeton—including those of author Alasdair Nairn's ten-year career working with and for the investment management organization that was Templeton's life work Proprietary and original research which explains why Templeton's seemingly simple investment philosophy is sure to produce exceptional returns if implemented effectively Current market conditions make Templeton's contrarian investment method of profiting from pessimism particularly relevant today, and this book a must-read for anyone working with investments.

In my opinion, unless you're a total introvert, agoraphobic, disabled or too lazy to leave the house, your best bet to buy most things you need is locally. Go to the Yellow Pages, read your local newspapers, drive around the shopping areas, go to local free ad websites and talk to people you know about what you need. I generally buy most of my stuff from the big department stores but if I need something like furniture, I'll check out the furniture stores on the poor side of the town because the prices for the same goods are often much cheaper than a store in the higher class

part of town plus you can often haggle with the owner on a cash deal. By shopping on the poor side of town at supermarkets for food, you can often save several dollars on a load of groceries. Beyond that, I generally go to the thrift stores a few times a year to buy t-shirts, clothes and anything else that strikes my fancy as I look around.

But it isn't natural that their love can only survive in secrecy, being against the wishes, even beyond the imagination, of their parents. And above all being illegal. At home Chris half loves, half fears his taciturn father, who never speaks of his important work for the Government. As

Chris's world opens up he learns about his father's job as head of the province's Race Classification Office, whose every decision can make or break somebody's life in the 1970s South Africa. In this moving rites-of-passage story set in extraordinary circumstances, a coloured girl and white boy head for devastating consequences as their vulnerable lives hurtle down a collision course with the pitiless laws of society and the implacable resolve of his father.

*Valley Faith Mountains* is about some of the trouble and problems that can come into a persons life and turn the persons life upside down and all around. My book tells of some of the problems and trouble I have endured from childhood to adulthood. It also tells of how I overcame my situations and did not allow them to control or dictate my future. My book tells how the Almighty God stepped in and kept me safe all through my life, even now he is still with me. It also tells how my God will and can do the same for everyone who will keep the faith and never give up that faith. We all know that Satan wants us all to fail, and when we allow Satan to have the upper hand, he makes sure that we are caught with our mouths hanging down and our tongue hanging out. He then stands back and laughs at us as we have to go through the punishment and shame that our actions has cost us. Then again,

Satan is not always to blame for our situations, is he? Sometimes, we go through trouble because we choose the wrong path or decision mainly because we think we can handle it better than God can. We get caught when our actions and decisions go wrong, and we blame everyone or something else instead of blaming the one possible reason ourselves! My book lets everyone know that God is standing ready, able and waiting to help each of us. All we need do is have faith in God and have the courage and strength not to give up that faith. After going through so much in life and still here to tell about it, I wanted everyone to know that God is real and able, and he waits for each of us to reach out to him for help! Never give up.
