Capitalism from Below: Markets and Institutional Change in China The emergence

and robust growth of a private enterprise economy in China was neither envisioned nor anticipated by its political elite. In launching economic reform in 1978, the initial motivation was to address failures of central planning within the institutional framework of ...

[\(PDF\) Capitalism From Below: Markets and Institutional ...](#)

Capitalism from Below resolves the question of whether private production and markets are a natural expression of human society, or whether they depend on state laws and regulations to safeguard the rights of investors and consumers.

Capitalism from Below Markets and Institutional Change in China ... eroded the market share of state-owned firms. Only after this fledgling economy emerged as a dynamic engine of economic growth, wealth creation, and manufacturing jobs did the political elite legitimize it as a way to jump-start China's market society. ...
