All great cities are designed for people, and the City Design Group's purpose is to enhance San Francisco's status as a truly great city. It does this by advocating the human dimension as central to city design and design of the public realm. Overview. The San Francisco Planning Department has long been a leader in the field of urban design.

Urban Design: The City Design Group | Planning Department

Good urban design is characterized by the thoughtful orchestration of buildings, landscape, open space, and streets. While planning processes organize and regulate what uses and structures arrive in San Francisco, design process orchestrates how they feel and work together. The Planning Department's City Design team, which consists of urban designers, architects, landscape architects, and ...
