Once CM-BIM candidates complete the four mandatory courses, they are eligible to register for the exam by filling out the online CM-BIM Exam application. CM-BIM Exam Fee All exam fees total \$575.00 and will be collected at one time after the candidate application is reviewed and approved.

**CM-BIM Exam Prep Course** This two-hour self-paced e-learning course reviews the process of Building Information Modeling, BIM, as taught in AGC's BIM Education Program. The course is designed to supplement learner's review and study of the curriculum's four units as they prepare for the CM-BIM exam.

The promise of BIM allows project participants to design, analyze, sequence, and explore a project through a digital environment where it is far less expensive to make changes than in the field during construction where changes are exponentially more costly.

The AGC Certificate of Management-Building Information Modeling (CM-BIM) is an assessment-based certificate credential that denotes knowledge and understanding of concepts related to BIM adoption, practice and process transformation outlined in the AGC BIM Education Program. Successful candidates who pass the exam will carry the CM-BIM designation.

Successful candidates will carry the CM-BIM designation. Eligibility Requirements: CM-BIM candidates must successfully complete the four AGC BIM Education Program courses, provide AGC with record to completion and have approved application in advance of exam administration. The CM-BIM application is now available to candidates.
