Ancient Wine The Search For The Origins Of Viniculture [PDF]

The chemical evidence that Neolithic pottery vessels contained wine is marshaled in chapters 3 and 4. Other recent evidence from the fields of archaeology, genetics, ancient literary studies, paleobotany, and linguistics converge and point to the Neolithic period as the time when largescale winemaking began.

Wine was the most popular manufactured drink in the ancient Mediterranean. With a rich mythology, everyday consumption, and important role in rituals wine would spread via the colonization process to regions all around the Mediterranean coastal areas and beyond. The Greeks institutionalised wine-drinking in their famous symposia drinking parties, and the Romans turned viticulture into a hugely ...

Patrick McGovern takes us along for the ride as he searches for the origins of modern wine. This is a very personal, engagingly written story, and we're privileged to watch over McGovern's shoulder as he unravels the mysteries of ancient vines and wines." --Rod Phillips, author of *A Short History of Wine*

To make authentic ancient wine, press by foot. Pressing the grapes will remove the wine skins from the juice. Pressing the grapes will release tannins throughout the wine. Let wine settle, so that particles and refuse fall to the bottom. Alternatively, use linin to strain particles and refuse. Age wine in an oak barrel.

Elegantly written and richly illustrated, *Ancient Wine* opens up whole new chapters in the fascinating story of wine by drawing on recent archaeological discoveries, molecular and DNA sleuthing, and the writings and art of ancient peoples. In a new afterword, the author discusses exciting recent developments in the understanding of ancient wine, including a new theory of how viniculture came to central and northern Europe.
