Need help with iOS 9? Whether you have an iPhone, an iPad, or even an iPod touch, this guide is for you. iOS 9 is the newest operating system from Apple as of September 9th, 2015. iOS 9 introduced many new features, which redefined the iPhone 4S and higher, iPad 2 and higher, and iPod Touch 5th generation and higher. These features include: - Side-by-Side Multitasking on the iPad - Watching a Video While Using Another Application - Enhanced Siri functionality - Low Power Mode to Improve Battery Life - Improved photo management - Search Upgrades - Move to iOS Application for Android Users who Want to Switch - And many more... This guide will introduce you to these new features, as well as the rest of iOS 9. The Guide to iOS 9 gives task-based instructions without using any technical jargon. Learning which buttons on your iOS 9 device perform which functions is useless unless you know how it will help you in your everyday use of iOS 9. Therefore, this guide will teach you how to perform the most common tasks. Instead of presenting arbitrary instructions in lengthy paragraphs, this book gives unambiguous, simple step-by-step procedures. Additionally, detailed screenshots help you to confirm that you are on the right track. This guide also explains Secret Tips and Tricks to help you accomplish your day-to-day tasks much faster. If you get stuck, refer to the Troubleshooting section to isolate and solve the problem.

iOS 7 is a dramatic re-invention of Apple's mobile software that goes beyond mere additions and enhancements: The company is changing the very look of iOS itself. The overhauled design sports flatter icons, less skeumorphism, and thinner typefaces. That said, you won't be completely lost if you've used prior versions of iOS: Apple hasn't changed the home screen much, and the basic gestures and interactions are largely the same, with a few new exceptions. This guide packs in everything that's new in iOS 7, how to upgrade, and more.

This guide is designed for novices and advanced iPhone/iOS users alike. The tips and instructions here are tailored to the iPhone 6 and iOS 8, but you'll find plenty of relevant information for older iPhone models and older versions of the software. Just be aware that iPhone 6 and iOS 8 have introduced quite a few new features that may not be available on older iPhones!We've broken things down into six major parts. Part 1: Meet Your iPhone will help you unpack the box, learn how to interact with your iPhone, and glide through the set up process. Part 2: Getting to Know Your iPhone will introduce you to the basic features and navigational system of the device. Part 3: Mastering Your Preinstalled Apps will walk you through the twenty preinstalled apps in detail to help you master what's available right out of the box. Part 4: Making It Your Own guides you through customization and personalization. Part 5: Maintenance and Security will help you keep your iPhone healthy and safe. Finally, Part 6: Must-Have Apps for Your iPhone includes a list of 46 of our favorite apps – we hope you enjoy them as much as we do!There's a lot of information here, but don't feel like you need to absorb it all at once. Think of this guide as a friendly support system for you as you learn to use and enjoy this incredible piece of consumer technology. If you're new to iPhone or to iOS, start by reading through Parts 1 and 2. This should get you on your feet. Be sure to look at Part 5 to learn how to care for your new iPhone. You may want to use Parts 3, 4, and 6 as reference material. You can read them straight through from start to finish or just browse the table of contents for the information most helpful to you. These chapters will also be helpful for experienced users who want to get the most out of iPhone 6 and iOS 8.Few devices are as painless to use as the iPhone – we hope you have fun and enjoy the journey. Now let's get started! Step-by-step guidance on all the new iPhone features No matter what version of iPhone you need guidance on, this visual guide is an ideal resource for anyone accustomed to an OS driven by visual cues, as it offers more than 500 full-color screen shots to get you acquainted with the plethora of iOS features. You'll learn how to access and download books, apps, music, and video content as well as send photos and e-mails, edit movies, sync with Apple devices and services, and effectively use the current OS. Guides you through all the new features and capabilities of the cutting-edge iPhone Shows you how to access and download books, apps, music, and video Walks you through sending photos and e-mails, editing movies, and syncing with other Apple devices and services Features 500 full-color screen shots to reinforce your visual learning of this exciting new mobile device Teach Yourself VISUALLY iPhone is the ultimate visual guide to familiarizing yourself with the iPhone.

If you believe some news stories, the latest iPhone update (iOS 9) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPhone and those upgrading to the latest update. I'll walk you through the changes and show you why updating is nothing to be afraid of. The iPhone doesn't come with a handbook / user guide; this doesn't mean that you have to buy someone else's handbook! iPhone does have a handbook! There are three ways to get it: 1. Download it from the Apple iBookstore (it's free) 2. Get it online by going to manuals.info.apple.com 3. Get it on your phone; if you go to your bookmarked pages on Safari, the last bookmark is for the 'iPhone User Guide'. So why do you need this book? This book was written for my parents; people who needed to know as much as possible, as quickly as possible. There are people who want to know every single little detail about the iPhone, and you will find that in Apple's comprehensive manual. If you are like my parents though, new to the iPhone and just want to learn all the basics in about 30 to 60 minutes or an hour that is, then this guide will help you. People who just want to know how to add their contacts, how to take photos, and how to email. It's not for advanced users, though if you are upgrading from the previous Apple iOS (iOS 8) then you will most probably find it useful. If you are ready to learn read on!
