E25 - PITTS RHETT

The ideal resource for researchers, theoreticians, and practitioners of curriculum; a ready reference for teachers, supervisors, and administrators who participate in curriculum making; and a widely popular text for courses in curriculum planning, development, implementation, and evaluation, this book presents a comprehensive, thoroughly documented, balanced overview of the foundations, principles, and issues of curriculum today. The information presented encourages readers to consider choices and then formulate their own views on curriculum.

This title was first published in 2003. The book covers the areas of: entrepreneurship and economic development; entrepreneurship theories (traditional and alternative); entrepreneurship education and training programmes; a comparative European analysis of entrepreneurship programmes; a profile of the aspiring entrepreneur; assessing effectiveness; and a framework for the design and development of entrepreneurship training programmes. Readers should gain a significant insight into the effectiveness of entrepreneurship training programmes from both the programme providers' and participants' point of view. Key features of the book include: an up-to-date review of the literature in this field; a comparative analysis of entrepreneurship programmes with a European perspective; an in-depth treatment of the effectiveness issue both on a qualitative and quantitative basis, and a longitudinal study involving a control and comparator group. The framework proposed by the authors should be applicable on a European scale.

Spacemouse Geronimo Stiltonix's adventures are out of this world! While at the beach, Geronimo Stiltonix stumbles upon a mysterious treasure map! The spacemice follow it and end up on Aquarix, a planet that's entirely underwater. During their exploration, they face fur-eating seaweed, ferocious piranha aliens, and . . . pirate spacecats! Squeak! Can the spacemice keep the spacecats from stealing the treasure?

Marty Frye is not your ordinary sleuth. Marty Frye is a poet detective - he makes up rhymes as he solves small crimes. When his friend Emma's diary is missing, Marty is on the case. When Katie's flour is nowhere to be found, Marty tracks it down. And when the brand-new Action Chuck figures mysteriously vanish from the toy store, Marty unravels the mystery. Will there ever be a case too hard for Marty to solve? Or a word too impossible to rhyme? Broken into three short stories of poetry and petty crime, this charming chapter book will have young readers in search of a rhyme in no time. A Christy Ottaviano Book

This popular pocketbook has been fully updated with additional quick reference emergency information. It provides the new (and possibly the not so new) veterinary graduate with a handy guide to the important drugs, tests and procedures most commonly encountered in small animal practice. It pulls together information from the BSAVA Small Animal Formulary, BSAVA manuals and other sources, and is intended to be a 'quick glance' reference that can be carried in a scrub top pocket for ease of use when consulting or during ward rounds. Notes pages are provided throughout.

There's something special about Max. He may look like your regular ginger flabby tabby, but unlike most tabbies, he can actually communicate with his human, reporter for the Hampton Cove Gazette Odelia Poole. Max takes a keen interest in the goings-on in their small town, by snooping around with his best friends Dooley, a not-too-bright ragamuffin, and Harriet, a gorgeous white Persian. Their regular visits to the police station, the barbershop and the doctor's office provide them with those precious and exclusive scoops that have made Odelia the number one reporter in town. But when suddenly the body of a bestselling writer is discovered buried in the last Long Island outhouse, and a new policeman arrives in town to solve the murder, it looks like things are about to change in Hampton Cove. Detective Chase Kingsley doesn't take kindly to nosy reporters like Odelia snooping around his crime scene or interviewing his suspects. And to make matters worse, he's got a cat of his own in Brutus, a buff, black bully, who, just like his owner, likes to lay down the law. Soon Brutus isn't just restricting access to the police station, but he's putting the moves on Harriet, breaking up the band. Now it's all Odelia, Max and Dooley can do to try and solve the murder, in spite of Detective Kingsley's and Brutus's protestations, and show the overbearing cop and his bullying feline how things are done in Hampton Cove. Will Odelia find the killer before Detective Kingsley does? And will Max prevent Brutus from moving in on his territory and taking over the town? Find out in Purrfect Murder, the first book in the new Mysteries of Max series.

This highly-detailed and interactive book is a game of hide-and-seek, where the reader must track down Prince on every page. Illustrated with incredible detail by British artist Kev Gahan, this book is an interactive homage to one of music's greatest: Prince Rogers Nelson. Prince's extraordinary cultural significance was highlighted by the worldwide outpouring of love following his tragic passing in April 2016. A huge influential source to many in the fields of music and art, Prince towers as a cultural figure of the twentieth (and into the twenty-first) century. Celebrate his enormous life in this interactive adventure book. On each page, Prince lies in wait, ready for the eagle-eyed reader to spy him among the crowds. These huge illustrations capture the set of Purple Rain, the labyrinth Paisley Park studios, and more! This book is bursting with super-superfan references, and is the ultimate gift for any Prince fan. (Which is anyone with a heart, right?)

Provides a history of these buffalo hunters of the northern plains from their acquisition of horses and forced assimilation by whites to their current life in Montana and Canada.

This book is a complete introduction to the power of R for marketing research practitioners. The text describes statistical models from a conceptual point of view with a minimal amount of mathematics, presuming only an introductory knowledge of statistics. Hands-on chapters accelerate the learning curve by asking readers to interact with R from the beginning. Core topics include the R language, basic statistics, linear modeling, and data visualization, which is presented throughout as an integral part of analysis. Later chapters cover more advanced topics yet are intended to be approachable for all analysts. These sections examine logistic regression, customer segmentation, hierarchical linear modeling, market basket analysis, structural equation modeling, and conjoint analysis in R. The text uniquely presents Bayesian models with a minimally complex approach, demonstrating and explaining Bayesian methods alongside traditional analyses for analysis of variance, linear models, and metric and choice-based conjoint analysis. With its emphasis on data visualization, model assessment, and development of statistical intuition, this book provides guidance for any analyst looking to develop or improve skills in R for marketing applications.

"Grammar Without Tears creatively teaches grammar through short skits in modern context... If you have trouble understanding they're, their, and there, reflexive pronouns, may/can, or split infinitives, Grammar Without Tears will make them easy to learn. It's astounding as an educational reference, and I can see classrooms benefiting from its use. Ben Ditmars, author of Night Poems and Haiku in the Night."--Back cover.
