International Business Challenges in a Globalised World Introduction The globalisation of business and commerce has become an increasingly significant reality worldwide: in 2000, the global trade in goods and services reached 25% of world GDP (Govindarajan & Gupta 2000), while in terms of manufactured goods, international trade has multiplied by more than 100 times since 1955 (Schiffes 2007).

International Business Challenges in a Globalised World

In The Three-Box Solution, Vijay Govindarajan adapts an ancient Hindu philosophy to balance a

company's often competing realities of past, present, and future. The more we can plan for opportunity, the better the possibility of creating a successful future. Open for comment; Comment(s) posted.
