He was a son of Africa who became father to a nation and, for billions of people around the world, a beacon of hope, courage, and perseverance in the face of opposition. Now, acclaimed poet Maya Angelou honors the life and remarkable soul of Nelson Mandela, former president of South Africa and Nobel laureate. In *His Day is Done*, Angelou delivers an authentically heartfelt and elegant tribute to Mandela, who stood as David to the mighty Goliath of Apartheid and who, after twenty-seven years of unjust imprisonment on the notorious Robben Island, emerged with "His stupendous heart intact / His gargantuan will / Hale and hearty" to lead his people into a new era. This poignant work of gratitude and remembrance offers condolences to the resilient people of South Africa on the loss of their beloved "Madiba" and celebrates a man like no other, whose life and work changed the world. Praise for *His Day is Done* "Moving and heartfelt."—The Washington Post "A powerful, gripping tribute."—NewsOne "[His Day is Done captures] how many were feeling."—BBC News

Dreams are the currency of Okri's writing, particularly in this first book of poems, *An African Elegy*, but also in his books of short stories and prize-winning novel *The Famished Road*. Okri's dreams are made on the stuff of Africa's colossal economic and political problems, and reading the poems is to experience a constant succession of metaphors of resolution in both senses of the word. Virtually every poem contains an exhortation to climb out of the African miasma, and virtually every poem harvests the dream of itself with an upbeat restorative ending' - Giles Foden, *Times Literary Supplement*

For years, it has been what is called a 'deteriorating situation'. Now all over South Africa the cities are battlegrounds. The members of the Smales family - liberal whites - are rescued from the terror by their servant, July, who leads them to refuge in his native village. What happens to the Smaleses and to July - the shifts in character and relationships - gives us an unforgettable look into the terrifying, tacit understandings and misunderstandings between blacks and whites.

Dancing with Hyenas is a tour-de-force that blends excellent prose with fact-driven stories to give a fresh perspective of the black struggle against the oppressive conditions of apartheid South Africa. The reader is taken 'behind the scenes' to conversations and strategy sessions in which successive generations of black youths are conscientized about the ideals of the liberation struggle. In the book, author Mzi Maho-

la tells the stories in evocative, authentic, and thought-provoking narrative. Elsewhere he recounts the deep soul-searching exchanges among the black youth about the goals and efficacy of the Black Consciousness Movement in advancing cause of black liberation. His accounts are remarkably accurate, especially given the fifteen-year range over which the book is written. What is most refreshing about *Dancing with Hyenas* is the emic perspective it takes since most of the books on the topic are written by outside observers. This is a one-of-a-kind book- amust-read for any interested in learning from indigenous blacks how they were able to make meaning of the lives while confronted by vagaries and vicissitudes of that vicious system, which was finally brought down in the early 1990s. Mzamo P Mangaliso Professor, Isenberg School of Management University of Massachusetts - Amherst MA *Dancing with Hyenas* is a bout rites of passage of a young man hurled into maturity in a troubled land. Mzikayise Mahola conveys the story choosing words with the precision and dexterity of a poet, recalling events and painting them with the skill reserved for great story tellers. The book enthral as it enables the reader to journey with Lizo through the labyrinth of dark paths in a perilous South Africa. We do not know how he will, survive the wrath of the system whose vultures always hover with devilish zeal and sickening patience. Lizo thrives in a world that betrays talented and ambitious youth. Mahola lucidly captures the snippets of history, sharing hopes and shattered dreams in the trapping of the old South Africa. Indeed, this book is a piece of history that exemplifies how many young people experienced the rough ride into brittle futures. Vuysile T. Msila Professor and Head, Institute for African Renaissance Studies, University of South Africa (UNISA)

saved: by the police, by the private security firms that guard the mines, or maybe even by the mythical Spike Maphosa. Regile knows that such hope is dangerous. An award-winning play about the relationship between brothers. The play was John Kani's debut as sole playwright and was first performed in the Market Theatre in Johannesburg. It won the 2003 Fleur du Cap Award for best actor and best new South African play. In the same year Kani was also awarded a special Obie award for his extraordinary contribution to theatre in the USA.

Since its original publication in 1968, *Welcome to the Monkey House* has been one of Kurt Vonnegut's most beloved works. This special edition celebrates a true master of the short-story form by including multiple variant drafts of what would eventually be the title story. In a fascinating accompanying essay, "Building the Monkey House: At Kurt Vonnegut's Writing Table," noted Vonnegut scholar Gregory D. Sumner walks readers through Vonnegut's process as the author struggles—false start after false start—to hit upon what would be one of his greatest stories. The result is the rare chance to watch a great writer hone his craft in real time. Includes the following stories: "Where I Live" "Harrison Bergeron" "Who Am I This Time?" "Welcome to the Monkey House" "Long Walk to Forever" "The Foster Portfolio" "Miss Temptation" "All the King's Horses" "Tom Edison's Shaggy Dog" "New Dictionary" "Next Door" "More Stately Mansions" "The Hyanis Port Story" "D.P." "Report on the Barnhouse Effect" "The Eupho Question" "Go Back to Your Precious Wife and Son" "Deer in the Works" "The Lie" "Unready to Wear" "The Kid Nobody Could Handle" "The Manned Missiles" "Epicac" "Adam" "Tomorrow and Tomorrow and Tomorrow"

In grade four, the majority of learners make the transition from their home language to English as the LoLT; to assist learners in this transition, it is important that teachers introduce English into the classroom from as early as Grade R (reception year, prior to starting grade one). The earlier learners are exposed to English, the more proficient they will become. Included in this book are strategies for introducing English into the classroom, techniques for teaching English alongside learners' home language, teaching resources for classroom use, and ideas for planning lessons.

Maya Angelou's unforgettable collection of

poetry lends its name to the documentary film about her life, *And Still I Rise*, as seen on PBS's *American Masters*. Pretty women wonder where my secret lies. I'm not cute or built to suit a fashion model's size But when I start to tell them, They think I'm telling lies. I say, It's in the reach of my arms, The span of my hips, The stride of my step, The curl of my lips. I'm a woman Phenomenally. Phenomenal woman, That's me. Thus begins "Phenomenal Woman," just one of the beloved poems collected here in Maya Angelou's third book of verse. These poems are powerful, distinctive, and fresh—and, as always, full of the lifting rhythms of love and remembering. *And Still I Rise* is written from the heart, a celebration of life as only Maya Angelou has discovered it. "It is true poetry she is writing," M.F.K. Fisher has observed, "not just rhythm, the beat, rhymes. I find it very moving and at times beautiful. It has an innate purity about it, unquenchable dignity. . . . It is astounding, flabbergasting, to recognize it, in all the words I read every day and night . . . it gives me heart, to hear so clearly the caged bird singing and to understand her notes."

South African universities face major challenges in meeting the needs of their students in the area of academic language and literacy. The dominant medium of instruction in the universities is English and, to a much lesser extent, Afrikaans, but only a minority of the national population are native speakers of these languages. Nine other languages can be media of instruction in schools, which makes the transition to tertiary education difficult enough in itself for students from these schools. The focus of this book is on procedures for as-

sessing the academic language and literacy levels and needs of students, not in order to exclude students from higher education but rather to identify those who would benefit from further development of their ability in order to undertake their degree studies successfully. The volume also aims to bring the innovative solutions designed by South African educators to a wider international audience.

Sindiwe Magona's novel *Mother to Mother* explores the South African legacy of apartheid through the lens of a woman who remembers a life marked by oppression and injustice. Magona decided to write this novel when she discovered that Fulbright Scholar Amy Biehl, who had been killed while working to organize the nation's first ever democratic elections in 1993, died just a few yards away from her own permanent residence in Guguletu, Capetown. She then learned that one of the boys held responsible for the killing was in fact her neighbor's son. Magona began to imagine how easily it might have been her own son caught up in the wave of violence that day. The book is based on this real-life incident, and takes the form of an epistle to Amy Biehl's mother. The murderer's mother, Mandisi, writes about her life, the life of her child, and the colonized society that not only allowed, but perpetuated violence against women and impoverished black South Africans under the reign of apartheid. The result is not an apology for the murder, but a beautifully written exploration of the society that bred such violence.

This book focuses on how to address persistent linguistically structured inequalities in education, primarily in relation to South African schools, but also in conversation with Australian work and with resonances for other multilingual contexts around the world. The book as a whole lays bare the tension between the commitment to multilingualism enshrined in the South African Constitution and language-in-education policy, and the realities of the dominance of English and the virtual absence of indigenous African languages in current educational practices. It suggests that dynamic plurilingual pedagogies can be allied with the explicit scaffolding of genre-based pedagogies to help redress asymmetries in epistemic access and to re-imagine policies, pedagogies, and practices more in tune with the realities of multilingual classrooms. The contributions to this book offer complementary insights on routes to improving access to school knowledge, especially for learners whose home language or language variety is different to that of teaching and learning at school. All subscribe to similar ideologies which include the view that multilingualism should be seen as a resource rather than a 'problem' in education. Commentaries on these chapters highlight evidence-based high-impact educational responses, and suggest that translanguaging and genre may well offer opportunities for students to expand their linguistic repertoires and to bridge epistemological differences between community and school. This book was originally published as a special issue of *Language and Education*.
