This volume contains all of the presidential addresses given before the American Society for Value Inquiry since its first meeting in 1970. Contributions are by Richard Brandt*, Virgil Aldrich*, John W. Davis*, the late Robert S. Hartman*, James B. Wilbur*, the late William H. Werkmeister, Robert E. Carter, the late William T. Blackstone, Gene James, Eva Huel Cadwallader, Richard T. Hull, Norman Bowie*, Stephen White*, Burton Leiser+, Abraham Edel, Sidney Axinn, Robert Ginsberg, Patricia Werhane, Lisa M. Newton, Thomas Magnell, Sander Lee, John M. Abbarno, Ruth Miller Lucier, and Tom Regan*. Autobiographical sketches* by all of the living contributors and one recently deceased, biographical statements of the remainder, together with photographic portraits of all the contributors*, make this volume a unique record of value inquiry during the past quarter century. (* previously unpublished or unpublished in the present form /+ substantial new material added)

Providing the level one student with all they will need to know to understand their course fully, the textbook covers the major areas of ethical theory and methodology that are key to the use of the Bible in Christian ethics, natural law, conscience, various philosophical approaches to ethics and the influence of liberation theologies.

As each week brings more stories of doctors, lawyers and other professionals abusing their powers, while clients demand extra services as at a time of shrinking resources; it is imperative that all practising professionals have an understanding of professional ethics. In *The Ground of Professional Ethics*, Daryl Koehn discusses the practical issues in depth, such as the level of service clients can justifiably expect from professionals, when service to a client may be legitimately terminated and circumstances in which client confidences can be broken. She argues that, while clients may legitimately expect professionals to promote their interests, professionals are not morally bound to do whatever a client wants. *The Ground of Professional Ethics* is important reading for all practising professionals, as well as those who study or have an interest in the subject of professional ethics.

Psychotherapy is an indispensable approach in the treatment of mental disorders and, for some mental disorders, it is the most effective treatment. Yet, psychotherapy is abound with ethical issues. In psychotherapy ethics, numerous fundamental ethical issues converge, including self-determination/autonomy, decision-making capacity and freedom of choice, coercion and constraint, medical paternalism, the fine line between healthiness and illness, insight into illness and need of therapy, dignity, under- and overtreatment, and much more. *The Oxford Handbook of Psychotherapy Ethics* explores a whole range of ethical issues in the heterogenous field of psychotherapy thereby closing a widespread perceived gap between ethical sensitivity, technical language, and knowledge among psychotherapists. The book is intended not only for a clinical audience, but also for a philosophical/ethical audience - linking the two disciplines by fostering a productive dialogue between them, thereby enriching both the psychotherapeutic encounter and the ethical analysis and sensitivity in and outside the clinic. An essential book for psychotherapists in clinical practice, it will also be valuable for those professionals providing mental health services beyond psychology and medicine, including counsellors, social workers, nurses, and ministers.

Revised to reflect recent ethical, legal, and professional developments, Welfel's *ETHICS IN COUNSELING AND PSYCHOTHERAPY* prepares readers to deal effectively with the issues they will confront in practice. The book's ten-step model for ethical decision making guides students and practitioners as they work through and analyze complicated ethics cases that demonstrate some of the most challenging dilemmas they will face. Updated to integrate the new 2014 ACA Code of Ethics, this edition also explores how technology (including social networking) relates to ethical issues, and discusses the ethical issues that may arise when counseling clients from different cultural backgrounds, clients with disabilities, older adults, and clients at risk of harming others and themselves. The text familiarizes readers with the field's key scholarly writings and, by examining emerging ethical issues, enables students to advance beyond their basic awareness and knowledge of the professional codes of ethics. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This study examines the tensions and interrelationships inherent in federal control of information in the technological era. Analyzing topics relating to information content and carrier issues, citizens' natural rights and utilities, and the effects of the executive and legislative branches, the author examines the historical definitions of information, traditional ethical principles, the parameters as framed by the Constitution, and three kinds of information control actions promulgated by the federal government (the Foreign Agents Registration and Propaganda Act, the Computer Security Act of 1987, and the Pentagon media rules during the Persian Gulf War). Following analysis of the practical, ethical, and legal issues involved, the author recommends a proactive information policy encompassing both information content and carriers and preserving Constitutional principles on the free flow of information.

This book is designed as an instructional manual that gives Institutional Review Board (IRB) members and administrators the information they need to run an efficient and effective system of protecting human research subjects, in compliance with federal research regulations. This reference provides a step-by-step approach to practical details of IRB administration and includes case studies, sample forms, and sample policy documents, as well as decision-making algorithms and lists of approval criteria for their resolution.

NEW YORK TIMES BESTSELLER • The acclaimed social psychologist challenges conventional thinking about morality, politics, and religion in a way that speaks to conservatives and liberals alike—a “landmark contribution to humanity’s understanding of itself” (The New York Times Book Review). Drawing on his twenty-five years of groundbreaking research on moral psychology, Jonathan Haidt shows how moral judgments arise not from reason but from gut feelings. He shows why liberals, conservatives, and libertarians have such different intuitions about right and wrong, and he shows why each side is actually right about many of its central concerns. In this subtle yet accessible book, Haidt gives you the key to understanding the miracle of human cooperation, as well as the curse of our eternal divisions and conflicts. If you’re ready to trade in anger for understanding, read *The Righteous Mind*.

Features improved ASWB exam prep strategies, expanded analysis of exam content, and proven test-taking tips! The third edition of the bestselling acclaimed exam guide for the ASWB Social Work Masters Exam has been thoroughly updated to reflect current practice and core knowledge tested on the exam. Examining the applied media ethics question of professional persuasion, this special double issue resulted from a colloquium and conference on allowable ethical limits of deception in professional persuasion. Participants were invited to reason their way toward a threshold that would define acceptable deception for a professional persuader in pursuit of favorable market and public opinion conditions for a client. As a whole, this issue covers a broad range of views and expressions of opinion that often come close to defining the threshold between morally acceptable and morally outrageous persuasion.

Pamphlet is a succinct statement of the ethical obligations and duties of individuals who enter the nursing profession, the profession's nonnegotiable ethical standard, and an expression of nursing's own understanding of its commitment to society. Provides a framework for nurses to use in ethical analysis and decision-making.

This book prepares readers to deal effectively with the complex ethical and legal issues they will confront in practice. Dr. Welfel provides a ten-step model of ethical decision making that guides students and practitioners as they work through and analyze complicated ethics cases that demonstrate some of the most challenging dilemmas that they will face. In this edition, Dr. Welfel provides the most current information on the market, including up-to-date coverage of the newly adopted ACA Code of Ethics and Standards of Practice and the APA Ethical Principles. The text also brings students past their basic awareness and knowledge of these professional codes of ethics by familiarizing readers with the field's key scholarly writings and by examining emerging ethical issues.

The DSST Ethics in America Passbook(R) prepares candidates for the DSST exam, which enables schools to award credit for knowledge acquired out-

side the normal classroom environment. It provides hundreds of questions and answers in the areas that will likely be covered on your upcoming exam, including but not limited to: morality; justice; Biblical traditions; human nature; philosophers and theories; and more.

The *Helping Professional's Guide to Ethics, Second Edition* develops a comprehensive framework for ethics based on Bernard Gert's theory of common morality. Moving beyond codes of ethics, Bryan, Sanders, and Kaplan encourage students to develop a cohesive sense of ethical reasoning that both validates their moral intuition and challenges moral assumptions. Part I of the text introduces basic moral theory, provides an overview to moral development, and introduces the common morality framework. Part II focuses on common ethical issues faced by helping professionals such as: confidentiality, competency, paternalism, informed consent, and dual relationships. Each chapter provides an overview of each concept and their ethical relevance for practice. Throughout the text, students put their critical thinking skills into practice to promote deep learning. Real-life cases bridge the gap between theory and practice, and discussion questions reinforce the concepts introduced in each chapter.

A Case Manager's Study Guide: Preparing for Certification, Fifth Edition is an essential study guide for case managers preparing to take the Certified Case Manager (CCM) exam offered by the Commission for Case Manager Certification (CCMC). Based on the five knowledge domains and eight essential activities from the CCMC, it contains hundreds of questions and answers with comprehensive rationales. Completely updated and revised, the Fifth Edition reflects the latest CCM exam blueprint.

Bestselling author John C. Maxwell shows you how the Golden Rule works everywhere, and how, especially in business, it brings amazing dividends.

The *Model Rules of Professional Conduct* provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

This book addresses current issues regarding the ethical use of information technology in a holistic vision, by combining the perspectives of education specialists and those in the field of computer science at the level of higher education. It provides a current ethical perspective on the problems and solutions involved in the use of information technology in higher education. It appeals to readers interested in exploring the problems and appropriate solutions related to the ethical use of new technologies in higher education.

and stakeholders; and more.

Winner of the Pulitzer Prize and the National Book Award, this #1 New York Times bestseller chronicles a young slave's adventures as she makes a desperate bid for freedom in the antebellum South. The basis for the acclaimed original Amazon Prime Video series directed by Barry Jenkins. Cora is a slave on a cotton plantation in Georgia. An outcast even among her fellow Africans, she is on the cusp of womanhood—where greater pain awaits. And so when Caesar, a slave who has recently arrived from Virginia, urges her to join him on the Underground Railroad, she seizes the opportunity and escapes with him. In Colson Whitehead's ingenious conception, the Underground Railroad is no mere metaphor: engineers and conductors operate a secret network of actual tracks and tunnels beneath the Southern soil. Cora embarks on a harrowing flight from one state to the next, encountering, like Gulliver, strange yet familiar iterations of her own world at each stop. As Whitehead brilliantly re-creates the terrors of the antebellum era, he weaves in the saga of our nation, from the brutal abduction of Africans to the unfulfilled promises of the present day. The Underground Railroad is both the gripping tale of one woman's will to escape the horrors of bondage—and a powerful meditation on the history we all share. Look for Colson Whitehead's bestselling new novel, *Harlem Shuffle!*

The Sacred Table: Creating a Jewish Food Ethic is an anthology of diverse essays on Jewish dietary practices. This volume presents the challenge of navigating through choices about eating, while seeking to create a rich dialogue about the intersection of Judaism and food. The definition of Kashrut, the historic Jewish approach to eating, is explored, broadened and in some cases, argued with, in these essays. Kashrut is viewed not only as a ritual practice, but also as a multifaceted Jewish relationship with food and its production, integrating values such as ethics, community, and spirituality into our dietary practice. The questions considered in The Sacred Table are broad reaching. Does Kashrut represent a facade of religiosity, hiding immorality and abuse, or is it, in its purest form, a summons to raise the ethical standards of food production? How does Kashrut enrich spiritual practice by teaching intentionality and gratitude? Can paying attention to our own eating practices raise our awareness of the hungry? Can Kashrut inspire us to eat healthfully? Can these laws draw us around the same table, thus creating community? In exploring the complexities of these questions, this book includes topics such as agricultural workers' rights, animal rights, food production, the environment, personal health, the spirituality of eating and fasting, and the challenges of eating together. The Sacred Table celebrates the ideology of educated choice. The essays present a diverse range of voices, opinions, and options, highlighting the Jewish values that shape our food ethics. Whether for the individual, family, or community, this book supplies the basic how-tos of creating a meaningful Jewish food ethic and incorporating these choices into our personal and communal religious practices. These resources will be helpful if we are new to these ideas or if we are teaching or counseling others. Picture a beautiful buffet of choices from which you can shape your personal Kashrut. Read, educate yourself, build on those practices that you already follow, and eat well. Published by CCAR Press, a division of the Central Conference of American Rabbis

Our DANTEs study guides are different! The Ethics in America DANTEs/DSST study guide TEACHES you everything that you need to know to pass the DSST test. Fred Friendly (1915--1998) was the single most important personality in news and public affairs programming during the first four decades of American television. Portrayed by George Clooney in the film *Good Night and Good Luck*, Friendly, together with Edward R. Murrow, invented the television documentary format and subsequently oversaw the birth of public television. Ralph Engelman's biography is the first comprehensive account of Friendly's life and work. Juggling the roles of producer, policy maker, and teacher, Friendly had an unprecedented impact on the development of CBS in its heyday, wielded extensive influence at the Ford Foundation under the presidency of McGeorge Bundy, and trained a generation of journalists at Columbia University during a tumultuous period of student revolt. Drawing on private papers and interviews with colleagues, family members, and friends, *Friendlyvision* is the definitive story of broadcast journalism's infamous "wild man," providing crucial perspective on the past and future of American journalism.

Thank you for your interest in becoming a citizen of the United States of America. Your decision to apply for U.S. citizenship is a very meaningful demonstration of your commitment to this country. As you prepare for U.S. citizenship, *Learn About the United States: Quick Civics Lessons* will help you study for the civics and English portions of the naturalization interview. There are 100 civics (history and government) questions on the naturalization test. During your naturalization interview, you will be asked up to 10 questions from the list of 100 questions. You must answer correctly 6 of the 10 questions to pass the civics test. Applicants who are age 65 or older and have been a permanent resident for at least 20 years at the time of filing the Form N-400, Application for Naturalization, are only required to study 20 of the 100 civics test questions for the naturalization test. *Learn About the United States* contains short lessons based on each of the 100 civics questions.

This innovative book is written in an accessible, compact style that sets forth and explains a sound framework for professional ethics that readers can quickly put into practice in analyzing and writing about cases. Through a series of moral conflicts, it aims at improving the skills of moral reasoning and achieving moral development.

Named "One of the Top Ten Books for Parish Clergy" for the year 2006 by the Academy of Parish Clergy! *Gentle Shepherding* offers a rare balance in an introduction to pastoral ethics, one that identifies deeply with the pastoral vocation and brings it into conversation with a developed body of ethical theory. The goal of the book is to equip seminarians and pastors with conceptual resources for clarifying moral responsibility in the practice of ministry. This responsibility includes three levels: the minister as a moral agent in offering care; the minister as a moral enabler in encouraging virtue in others; and the minister as a moral leader in facilitating congregational life and witness in society. Helping ministers and seminarians to think anew about their responsibilities and the moral quandaries in pastoral practice, *Gentle Shepherding* integrates theory with practice, providing case material for further reflection and discussion and at least one case study or exercise associated with each chapter.

The DSST Principles of Advanced English Composition Passbook(R) prepares candidates for the DSST exam, which enables schools to award credit for

knowledge acquired outside the normal classroom environment. It provides a series of informational texts as well as hundreds of questions and answers in the areas that will likely be covered on your upcoming exam, including but not limited to: elements of effective writing; sourcing; arguments and analysis related to writing; and more.

Drawing on extensive archival sources, Laura Stark reconstructs the daily lives of scientists, lawyers, administrators, and research subjects working - and 'warring' - on the campus of the National Institutes of Health, where they first wrote the rules for the treatment of human subjects.

The only official guide to The Dantes Standardized Subject Tests (DSST). With high scores on DSST, adult learners can earn college credit on their way to reaching educational and professional goals.

Minch and Weigel's unique LIVING ETHICS casts a wide net, including traditional works of philosophy along with a diverse collection of voices from literature, science, popular music, and continental philosophy. Each chapter focuses on action, addressing an issue in the range of basic human activities like flourishing, believing, caring, consuming and nine other topics. The text approaches the study of ethics as a set of personal and provocative questions that have ethical significance for students' lives. This wide-ranging anthology, distinguished by its interdisciplinary selections, provides a comprehensive approach without separating theory from applied ethics. The book's breadth of readings integrates feminist and multicultural viewpoints for a broader range of perspectives and genres than any other text in this field. By highlighting contemporary issues and multiple disciplines, LIVING ETHICS will engage readers with little or no experience in philosophy.
