1B8 - RANDOLPH MORA

The text introduces an integrated financial statements framework that clearly illustrates the inter-relationships between the cash flow statement, income statement and the balance sheet. This integrated framework focuses on providing students with a sound understanding of how the financial statements work together to provide a picture of a company's financial performance, while at the same time teaching students the impact of transactions on the financial statements.

This sixth edition of Trotman's Financial Accounting: An Integrat-

ed Approach incorporates comprehensive coverage of new issues in sustainability with a chapter dedicated to current and emerging issues, while building upon the approachable, user-friendly, Australian-focused style of previous editions.
