## 7FB - LEWIS MORROW

---

Fans of Robyn Carr's Virgin River series will love this small-town, feel-good romance! When Becky O'Donaghue moved from Ireland to Montana, she had grand plans to create a florist store like no other. Nine years later, she has achieved everything she dreamed of and more. But becoming the guardian of her best friend's six-year-old daughter turned her world upside down. Sean Gray is a cattle rancher, search and rescue volunteer, and closet romantic. When his twin brother asks him to help organize a surprise wedding for his fiancée, Sean thinks he's

crazy—until he meets Becky—Bozeman's florist extraordinaire, and the woman who could change his life forever. With his brother's happy-ever-after at stake, Sean works alongside Becky to create a magical day for everyone. And, if the luck of the Irish is with them, they might find a pot of gold at the end of their rainbow, too. COUNTRY LOVE is the fourth book in the Montana Promises series and can easily be read as a stand-alone. All of Leeanna's series are linked. If you find a character you like, they could be in another novel. Happy reading! Praise for Leeanna Morgan's books: "I am addicted to Leeanna Mor-

gan's books! The only problem with them is that I hate coming to the end of one, and can't wait for the next good read. I love how she weaves the characters together and draws you right into their lives. If you haven't discovered her, please do give her books a try. You won't be disappointed, except for not having found her sooner!" "I thoroughly enjoyed this book! I couldn't put it down. I purchased it today and finished it just now. NATIONAL BESTSELLER To get ahead today, you have to be a jerk, right? Divisive politicians. Screaming heads on television. Angry campus activists. Twitter trolls. Today in America, there is an "outrage industrial complex" that prospers by setting American against American, creating a "culture of contempt"—the habit of seeing people who disagree with us not as merely incorrect, but as worthless and defective. Maybe, like more than nine out of ten Americans, you dislike it. But hey, either you play along, or you'll be left behind, right? Wrong. In *Love Your Enemies*, social scientist and author of the #1 New York Times bestseller *From Strength to Strength* Arthur C. Brooks shows

that abuse and outrage are not the right formula for lasting success. Brooks blends cutting-edge behavioral research, ancient wisdom, and a decade of experience leading one of America's top policy think tanks in a work that offers a better way to lead based on bridging divides and mending relationships. Brooks' prescriptions are unconventional. To bring America together, we shouldn't try to agree more. There is no need for mushy moderation, because disagreement is the secret to excellence. Civility and tolerance shouldn't be our goals, because they are hopelessly low standards. And our feelings toward our foes are irrelevant; what matters is how we choose to act. *Love Your Enemies* offers a clear strategy for victory for a new generation of leaders. It is a rallying cry for people hoping for a new era of American progress. Most of all, it is a roadmap to arrive at the happiness that comes when we choose to love one another, despite our differences.

After the terrorist attacks on the Pentagon and the World Trade Center, American flags appeared everywhere. Is patriotism a good response at a time

of national crisis? What does it mean for us to think of ourselves as a nation first? With our connections to the world growing stronger and more vital than ever, Martha C. Nussbaum argues that we should distrust conventional patriotism as parochial and instead see ourselves first of all as "citizens of the world." Sixteen prominent writers and thinkers respond, including Benjamin R. Barber, Sissela Bok, Nathan Glazer, Robert Pinsky, Elaine Scarry, Amartya Sen, and Michael Walzer. NEW DEMOCRACY FORUM A series of short paperback originals exploring creative solutions to our most urgent national concerns. The series editors (for Boston Review), Joshua Cohen and Joel Rogers, aim to foster politically engaged, intellectually honest, and morally serious debate about fundamental issues—both on and off the agenda of conventional politics.

ONE OF THE MOST LOVED NOVELS OF THE DECADE. A long-lost book reappears, mysteriously connecting an old man searching for his son and a girl seeking a cure for her widowed mother's loneliness. Leo Gursky taps his radiator each evening to let his upstairs neighbor know

he's still alive. But it wasn't always like this: in the Polish village of his youth, he fell in love and wrote a book...Sixty years later and half a world away, fourteen-year-old Alma, who was named after a character in that book, undertakes an adventure to find her namesake and save her family. With virtuosic skill and soaring imaginative power, Nicole Krauss gradually draws these stories together toward a climax of "extraordinary depth and beauty" (Newsday).

Celebrates American history, culture, and innovation through inspiring quotations, song lyrics, and document excerpts, in an unabashedly politically incorrect "primer."

Few landscapes are as striking as that of the Hebrides, the hundreds of small islands that speckle the waters off Scotland's northwest coast. The jagged, rocky cliffs and roiling waves serve as a reminder of the islands' dramatic geological history, inspiring awe and dread in those drawn there. With Britain at their back and facing the Atlantic, the Hebrides were at the center of ancient shipping routes and have a remarkable cultural history as well, as a meeting

place for countless cultures that interacted with a long, rich Gaelic tradition. After years of hearing about Scotland as a place deeply interwoven with the story of her family, Madeleine Bunting was driven to see for herself this place so symbolic and full of history. Most people travel in search of the unfamiliar, to leave behind the comfort of what's known to explore some suitably far-flung corner of the globe. From the first pages, it's clear that Madeleine Bunting's *Love of Country* marks a different kind of journey—one where all paths lead to a closer understanding of home, but a home bigger than Bunting's corner of Britain, the drizzly, busy streets of London with their scream of sirens and high-rise developments crowding the sky. Over six years, Bunting returned again and again to the Hebrides, fascinated by the question of what it means to belong there, a question that on these islands has been fraught with tenacious resistance and sometimes tragedy. With great sensitivity, she takes readers through the Hebrides' history of dispossession and displacement, a history that can be understood only in the context of Britain's imperial

past, and she shows how the Hebrides have been repeatedly used to define and imagine Britain. In recent years, the relationship between Britain and Scotland has been subject to its most testing scrutiny, and Bunting's travels became a way to reflect on what might be lost and what new possibilities might lie ahead. For all who have wondered how it might feel to stand face-out at the edge of home, *Love of Country* is a revelatory journey through one of the world's most remote, beautiful landscapes that encourages us to think of the many identities we wear as we walk our paths, and how it is possible to belong to many places while at the same time not wholly belonging to any.

A timely and moving collection from the renowned inaugural poet on issues facing our country and people—immigration, gun violence, racism, LGBTQ issues, and more. Through an oracular yet intimate and accessible voice, Richard Blanco addresses

the complexities and contradictions of our nationhood and the unresolved sociopolitical matters that affect us all. Blanco digs deep into the very marrow of our nation through poems that interrogate our past and present, grieve our injustices, and note our flaws, but also remember to celebrate our ideals and cling to our hopes. Charged with the utopian idea that no single narrative is more important than another, this book asserts that America could and ought someday to be a country where all narratives converge into one, a country we can all be proud to love and where we can all truly thrive. The poems form a mosaic of seemingly varied topics: the Pulse nightclub massacre; an unexpected encounter on a visit to Cuba; the forced exile of 8,500 Navajos in 1868; a lynching in Alabama; the arrival of a young Chinese woman at Angel Island in 1938; the incarceration of a gifted writer; and the poet's abiding love for his partner, who he is finally allowed to wed as a gay man. But despite each poem's unique concern or occasion, all are fundamentally struggling with the overwhelming question of how to love this country.

"In late 2004 in Britain, a little, self-published book called *The Pocket Book of Patriotism* created a publishing sensation in the United Kingdom. Rejected by every major British publisher because "patriotism is an obsolete concept." Written initially for his own three boys, Courtauld was appalled that British children didn't know basic facts of their history and set out to create a simple book that would make his children proud of their heritage. The result, *The Pocket Book of Patriotism*, is a bare-bones, uniquely British timeline of historic events, with no judgement or padding, brought to life by soul-stirring quotations and placing British history along side the rest of the world in a simple history chart. From Stonehenge 2000 BC to the England rugby team's World Cup triumph in 2003, *The Pocket Book of Patriotism* contains the essential dates, quotes and speeches of British history." from the publisher.

The author, a Muslim United States Army chaplain, describes how he was wrongly accused of treason and imprisoned at the Guantânamo Bay Naval Base, and his fight to be cleared of the charges.

For fans of Janet Beard's

*The Atomic City Girls* and Marie Benedict's *The Only Woman in the Room*, this powerful, romantic novel tells the story of a woman determined to aid her country, finding love in the midst of tragedy along the way during World War II. This is a study of love, specifically of men's and women's emotional roles vis-à-vis one another in Northeast Brazil; of how people form conjugal relationships in this region; and of the impact of rapid socioeconomic change on courtship, marriage, cohabitation, and infidelity. Rapid urbanization and expansion of the cash economy have transformed the region in a few decades. Among the transformations are shifts in how people conduct courtship, form marriages, view the proprieties of sexual behavior, and assess the proper social and economic roles of men and women. These changes have altered the relative importance of physical, economic, and emotional intimacy in conjugal relationships, transforming the nature of marriage—once defined as a largely economic relationship—into a largely emotional relationship, as ideas of romance once associated with infidelity, concubinage, and courtship are increasingly attached to marriage. The book is largely based on

interviews with men and women who talked about their often complicated love lives with wit and passion, and the book is rich in personal stories and quotations. Women were asked to discuss the nature of men and women, and men were asked to talk about women. Both sexes were questioned about their views on prostitution, concubinage, and promiscuity, as well as their definitions of love. Parents were asked for their views about marriage and child rearing (especially differences in raising boys and girls), their relations with their own parents, lovers, spouses, and friends, and their views on virginity and sexual propriety. The bluntness and articulateness of the informants about their motivations and experiences not only demonstrated that men and women viewed conjugal relationships very differently but enabled the author to specify and explore these differences in unusually interesting ways.

Based on the writings of our Founding Fathers, the author provides a short, simple, and organized explanation of the rights and freedoms we have as human beings and as Americans, the Constitutional

Republic form of government they implemented of limited Federal powers, and the responsibility American citizens have to support and preserve the Republic that protects its rights and freedoms. The book is for all ages, 7 through adult, to learn more accurately, and to appreciate the timeless relevance of, our Country's Declaration of Independence and The Constitution of the United States of America. The book may also be used as a speaker outline as well as an instructional tool by parents, teachers, and religious and organizational leaders. As reference material, the book contains applicable quotes of our first five Presidents who were Founding Fathers, the above Founding documents, the Bill of Rights, the Pledge of Allegiance, and the founding Principles of Liberty.

A collection of short stories of rural Ireland in the classic Irish mode: full of love (and sex), melancholy and magic, bedecked in some of the most gorgeous prose being written today—from the author of the wildly acclaimed *Night Boat to Tangier*. With three novels and two short story collections published, Kevin Barry has steadily established his

stature as one of the finest writers not just in Ireland but in the English language. All of his prodigious gifts of language, character, and setting in these eleven exquisite stories transport the reader to an Ireland both timeless and recognizably modern. Shot through with dark humor and the uncanny power of the primal and unchanging Irish landscape, the stories in *That Old Country Music* represent some of the finest fiction being written today.

The volume, stemming from the long-term cooperation of scholars working on East Central European intellectual history, discusses the patterns of patriotic and national identification in the light of the multiplicity of levels of ethnic, cultural and political allegiances characterizing this region in the early modern period.

The star of *Orange* is the New Black and Jane the Virgin presents her personal story of the real plight of undocumented immigrants in this country.

A New York Times Editors' Choice Named a Best Book of 2018 by Bookforum, Nylon, Esquire, and Vulture "This artful and autumnal novel, published in high summer, is a gift to those who wish to receive

it." —Dwight Garner, The New York Times "Hilarious, heartbreaking . . . A Terrible Country may be one of the best books you'll read this year." —Ann Levin, Associated Press "The funniest work of fiction I've read this year." —Christian Lorentzen, Vulture.com A literary triumph about Russia, family, love, and loyalty—from a founding editor of *n+1* and author of *Raising Raffi* When Andrei Kaplan's older brother Dima insists that Andrei return to Moscow to care for their ailing grandmother, Andrei must take stock of his life in New York. His girlfriend has stopped returning his text messages. His dissertation adviser is dubious about his job prospects. It's the summer of 2008, and his bank account is running dangerously low. Perhaps a few months in Moscow are just what he needs. So Andrei sublets his room in Brooklyn, packs up his hockey stuff, and moves into the apartment that Stalin himself had given his grandmother, a woman who has outlived her husband and most of her friends. She survived the dark days of communism and witnessed Russia's violent capitalist transformation, during which she lost her beloved dacha. She

welcomes Andrei into her home, even if she can't always remember who he is. Andrei learns to navigate Putin's Moscow, still the city of his birth, but with more expensive coffee. He looks after his elderly—but surprisingly sharp!—grandmother, finds a place to play hockey, a café to send emails, and eventually some friends, including a beautiful young activist named Yulia. Over the course of the year, his grandmother's health declines and his feelings of dislocation from both Russia and America deepen. Andrei knows he must reckon with his future and make choices that will determine his life and fate. When he becomes entangled with a group of leftists, Andrei's politics and his allegiances are tested, and he is forced to come to terms with the Russian society he was born into and the American one he has enjoyed since he was a kid. A wise, sensitive novel about Russia, exile, family, love, history and fate, *A Terrible Country* asks what you owe the place you were born, and what it owes you. Writing with grace and humor, Keith Gessen gives us a brilliant and mature novel that is sure to mark him as one of the most talent-

ed novelists of his generation.

Whether global culture is merely a pale and sinister reflection of capitalist globalization is among the questions addressed in this text on nationalism, culturalism, and the role of intellectuals in the age of globalization.

Looks at the most colorful Southern politicians from the thirties to the sixties  
Why are poor Americans so patriotic? They have

significantly worse social benefits compared to other Western nations, and studies show that the American Dream of upward mobility is, for them, largely a myth. So why do these people love their country? Why have they not risen up to demand more from a system that is failing them? In *Broke and Patriotic*, Francesco Duina contends that the best way to answer these questions is to speak directly to America's most impoverished. Spending time in bus stations, Laundromats, senior citizen centers, homeless shelters, public libraries, and fast food restaurants, Duina conducted over sixty revealing interviews in which his participants explain how they view themselves and their country. He masterfully weaves their words into three narratives. First, America's poor still see their country as the "last hope" for themselves and the world: America offers its people a sense of dignity, closeness to God, and answers to most of humanity's problems. Second, America is still the "land of milk and honey:" a very rich and generous country where those who work hard can succeed. Third, America is the freest country on earth where self-de-

termination is still possible. This book offers a stirring portrait of the people left behind by their country and left out of the national conversation. By giving them a voice, Duina sheds new light on a sector of American society that we are only beginning to recognize as a powerful force in shaping the country's future.

"The Atomic City Girls is a fascinating and compelling novel about a little-known piece of WWII history."—Maggie Leffler, international bestselling author of *The Secrets of Flight* In the bestselling tradition of *Hidden Figures* and *The Wives of Los Alamos*, comes this riveting novel of the everyday people who worked on the Manhattan Project during World War II. In November 1944, eighteen-year-old June Walker boards an unmarked bus, destined for a city that doesn't officially exist. Oak Ridge, Tennessee has sprung up in a matter of months—a town of trailers and segregated houses, 24-hour cafeterias, and constant security checks. There, June joins hundreds of other young girls operating massive machines whose purpose is never explained. They know they are helping to win the war, but must ask no questions and reveal

nothing to outsiders. The girls spend their evenings socializing and flirting with soldiers, scientists, and workmen at dances and movies, bowling alleys and canteens. June longs to know more about their top-secret assignment and begins an affair with Sam Cantor, the young Jewish physicist from New York who oversees the lab where she works and understands the end goal only too well, while her beautiful roommate Cici is on her own mission: to find a wealthy husband and escape her sharecropper roots. Across town, African-American construction worker Joe Brewer knows nothing of the government's plans, only that his new job pays enough to make it worth leaving his family behind, at least for now. But a breach in security will intertwine his fate with June's search for answers. When the bombing of Hiroshima brings the truth about Oak Ridge into devastating focus, June must confront her ideals about loyalty, patriotism, and war itself.

NEW YORK TIMES BEST-SELLER • "For all those who have lived with Vonnegut in their imaginations . . . this is what he is like in person."—USA To-

From his coming of age in America, to his formative war experiences, to his life as an artist, this is Vonnegut doing what he does best: Being himself. Praise for *A Man Without a Country* "[This] may be as close as Vonnegut ever comes to a memoir."—Los Angeles Times "Like [that of] his literary ancestor Mark Twain, [Kurt Vonnegut's] crankiness is good-humored and sharp-witted. . . . After the Civil War, many Americans did not identify strongly with the concept of a united nation. Francesca Morgan finds the first stirrings of a sense of national patriotism--of "these United States--in the work of black and white clubwomen in the late nineteenth and early twentieth centuries. Morgan demonstrates that hundreds of thousands of women in groups such as the Woman's Relief Corps, the National Association of Colored Women, the Universal Negro Improvement Association, the United Daughters of the Confederacy, and the Daughters of the American Revolution sought to produce patriotism on a massive scale in the absence of any national emergency. They created holidays like Confederate Memorial Day, placed American flags in classrooms, funded monuments and historic markers, and preserved old buildings and battle-

grounds. Morgan argues that while clubwomen asserted women's importance in cultivating national identity and participating in public life, white groups and black groups did not have the same nation in mind and circumscribed their efforts within the racial boundaries of their time. Presenting a truly national history of these generally understudied groups, Morgan proves that before the government began to show signs of leadership in patriotic projects in the 1930s, women's organizations were the first articulators of American nationalism.

For Love of Country is the second novel of the early American republic in the nautical series from William Hammond. Set in the early 1780s in the years following the American Revolution, it features the adventures of the seafaring Cutler family of Hingham, Massachusetts, and the supporting cast from the first novel of the series, A Matter of Honor. Hammond offers an exciting look at life in the young republic, a time when America remained a weak nation with no navy to protect its prosperous merchant fleet from Barbary pirates and European nations intent on crippling

its shipping. The novel opens with the capture of the Cutler merchant brig Eagle by Barbary pirates. Young Caleb Cutler and his shipmates are taken as prisoners to Algiers. Richard, his brother, is then sent to North Africa to pay the ransom demanded by the Dey of Algiers to free them. When the dey rejects the offer, Richard must defend his ship and the ransom from attack by Algerian pirates. After repulsing the pirates in a fierce battle at sea, Richard travels to Paris to report to John Paul Jones, his former naval commander, who has been dispatched to serve as America's emissary to the Barbary States. In Paris, amid the tumult of the French Revolution, Richard engages in a desperate attempt to save his former lover, the beautiful Anne-Marie Helvétian, and her two daughters from the guillotine. The author's careful historical research and thorough knowledge of sailing and the ways of the sea bring authenticity to the novel without detracting from the entertaining storyline. Hammond's focus on the American perspective of the Age of Fighting Sail in the years following the American Revolution adds a fresh dimension to histori-

cal novels of the period. Nationalism and patriotism are two of the most powerful forces shaping world history. Though seen by many as two sides of the same coin, they have developed widely different connotations. Nationalism is increasingly seen as destructive, and at the root of the world's bloodiest conflicts; patriotism seems something more benign, a political virtue. How are we to mark the distinction between these two phenomena? How can we rescue patriotism from the tainted grasp of nationalism? Reconstructing the historical meaning of the terms, Maurizio Viroli shows how the two concepts have been used within specific cultural and ideological contexts. He reviews the political thought of Italy, England, and Germany and shows how patriotism and nationalism have fundamentally different roots. Professor Viroli concludes that it is morally unacceptable, and indeed unnecessary, to be a nationalist to defend the values that nationalists hold dear. Patriotism, however, is a valuable source of civic responsibility.

"Dr. LTC. Ms. Miss...she is all of these and more. Elaine continues to love

the field she chose a bit later in life. She is currently practicing Homebound Dentistry for the Elderly and Special Needs population in Pittsburgh, PA. On a scale of 1 to 10, Elaine says she is an 11 in the realm of happiness and contentment with her work and accomplishments in life. She has lectured internationally and was named one of Pittsburgh's Top Dentists in 2007. Loves to fish and travel around in her Motorhome. Berkowitz has been to 5 continents and numerous countries...with more to go."

Queer. Muslim. Arab American. A proudly Fat femme. Randa Jarrar is all of these things. In this "exuberant, defiant and introspective" memoir of a cross-country road trip, she explores how to claim joy in an unraveling and hostile America (The New York Times Book Review). Randa Jarrar is a fearless voice of dissent who has been called "politically incorrect" (Michelle Goldberg, The New York Times). As an American raised for a time in Egypt, and finding herself captivated by the story of a celebrated Egyptian belly dancer's journey across the United States in the 1940s, she sets off from her home in California to

her parents' in Connecticut. Coloring this road trip are journeys abroad and recollections of a life lived with daring. Reclaiming her autonomy after a life of survival--domestic assault as a child, and later, as a wife; threats and doxxing after her viral tweet about Barbara Bush--Jarrar offers a bold look at domestic violence, single motherhood, and sexuality through the lens of the punished-yet-triphant body. On the way, she schools a rest-stop racist, destroys Confederate flags in the desert, and visits the Chicago neighborhood where her immigrant parents first lived. Hailed as "one of the finest writers of her generation" (Laila Lalami), Jarrar delivers a euphoric and critical, funny and profound memoir that will speak to anyone who has felt erased, asserting: I am here. I am joyful.

In Reenactments, poet Hai-Dang Phan explores the history, memory, and legacy of the Vietnam War from his vantage point as a second-generation Vietnamese American. Woven throughout the poems is a narrative of his family's exodus from Vietnam that beautifully elucidates the American record of immigration, dislocation, inheritance, and ultimately

hope. The poems are persuasively varied in their approach. The past and present, the remembered and imagined, all intersect at shifting angles, providing bold new perspectives. And, in a fresh move, Phan widens the lens, interspersing translations of several other contemporary Vietnamese poems to the mix. This subtle and moving debut is an important addition to the literature of immigration.

An Irish Country Love Story is the eleventh heartwarming installment in New York Times and Globe and Mail bestselling author Patrick Taylor's beloved Irish Country series. It's the winter of 1967 and snow is on the ground in the colorful Irish village of Ballybucklebo, but the chilly weather can't stop love from warming hearts all over the county. Not just the love between a man and woman, as with young doctor, Barry Laverty, and his fiancée Sue Nolan, who are making plans to start a new life together, but also the love of an ailing pensioner for a faithful dog that's gone missing, the love of the local gentry for the great estate they are on verge of losing, or Doctor Fingal Flahertie O'Reilly's deep and

abiding love for his long-time home and practice. For decades, ever since the war, Number One Main Street, Ballybucklebo, has housed O'Reilly and his practice. In recent years, it has also opened its doors to O'Reilly's wife, Barry Laverty, and a new addition to the practice, Doctor Nonie Stevens, a sultry and occasionally prickly young woman who may not be fitting in as well as she should. It is to Number One that patients young and old come when they need a doctor's care, for everything from the measles to a rare and baffling blood disease. An unexpected turn of events threatens to drive O'Reilly from his home for good, unless the entire village can rally behind their doctor and prove that love really can conquer all. Her childhood best friend and now husband was being anointed the hottest new star in country music—for a song he had written about her. He was living his dream. Lauren was elated, but she was also wrestling with some big questions, not the least of which was, How can I live my own life of purpose? Lauren Akins never wanted to be in the spotlight, but as Thomas Rhett made his relationship with Lauren the subject of many of his hit songs, she was tossed into the role of one of America's sweethearts. Revered by fans for her down-to-earth ease and charm, her commitment to humanitarian work, and the pure love she exudes for her family, Lauren has never shared her side of their story—full as it's been with deep love, painful loss, tremendous joy, and a struggle to stay grounded in faith along the way—until now. how they reconnected as young adults. And in heart-wrenching detail, she opens up about her life-changing experiences doing mission work in Haiti, and then in Uganda, where she met the precious baby who would become their first daughter. From sharing the romance of their handwritten wedding vows to the challenges they faced as they adjusted to the reality of becoming first-time parents, *Live in Love* takes an intimate look at one couple's life—and opens a window into all of our journeys on the path to self-discovery. *Live in Love* is a deeply personal memoir that offers inspiring guidance for anyone looking to keep romance alive, balance children and marriage, express true faith, and live a life of purpose. A celebration of the extraordinary courage, dedication, and sacrifice of this generation of American veterans on the battlefield and their equally valuable contributions on the home front. Starbucks CEO Howard

Schultz and National Book Award nominee Rajiv Chandrasekaran honor acts of uncommon valor in Iraq and Afghanistan, including an army sergeant who runs into a hail of gunfire to protect his comrades; two marines who chose to stand and defend their outpost from an oncoming truck bomb; and a sixty-year-old doc-

tor who joined the navy after his son was killed at war, saving dozens of lives during his service. We also see how veterans turn their leadership skills into community-building initiatives once they return home: former soldiers who aid residents in rebuilding after natural disasters; an infantry officer who trades in a

Pentagon job to teach in an inner-city neighborhood; the spouse of a severely injured soldier assisting families in similar positions. These powerful, unforgettable stories demonstrate just how indebted we are to those who protect us and what they have to offer our nation when their military service is over.
