With over 110 volumes in the collection, the handbooks are more highly cited than any other economics journal. The Handbook in Economics series was founded in 1983 by Kenneth Arrow and Michael Intriligator with the aim of helping economists understand increasingly complex fields and as the series gained popularity and citations, Kenneth and Michael started new subseries to cover all the core subjects in economics.

### **Book Series: Handbooks in Economics**

The ASM Handbook series contains peer-reviewed, trusted information in every area of materials specialization. The series is the industry's best known and most comprehensive source of information on ferrous and nonferrous metals and materials technology and is packed with more than 35,000 pages of articles, illustrations, tables, graphs, specifications and practical examples for today's engineer.
