### A42 - ADRIENNE JOHNSON

---

The War against the Strogg is a large-scale intergalactic conflict between humanity and the Strogg. The war began when the Strogg invaded Earth intent on harvesting humanity only to be forced into retreat following a decisive Global Defense Force victory which saw the human race band together to defeat the alien foe. The Terran Coalition of Man, a branch of the Global Defense Force serving as ...

Such as the wisdom that if we aren't all working together, cooperatively, for the good of the whole of humanity, the body of humanity, we are in the process of destroying that body. And just as the cells of a body cannot survive for long once the body as a whole becomes unviable, no matter how adept

a survivalist one might think they are, human beings cannot survive indefinitely outside a ...

An AI takeover is a hypothetical scenario in which artificial intelligence (AI) becomes the dominant form of intelligence on Earth, with computer programs or robots effectively taking the control of the planet away from the human species. Possible scenarios include replacement of the entire human workforce, takeover by a superintelligent AI, and the popular notion of a robot uprising.

### **AI takeover - Wikipedia**

Caring for the Earth and for our environment seems to have been a notion dear to humankind since the dawn of time. Even to this day, many of those societies that are deemed "primitive" for having retained elements of a lifestyle that most human societies abandoned millennia ago exhibit, to some degree, a sense of protection of the Planet.

### **Humanity's Attachment to Mother Earth - Our World**

"Let us name this for what it is: an attack against humanity itself." The pope called on countries to work together to fulfill the ideals upon which the United Nations was founded 75 years ago, particular in peacemaking, defending human rights and caring for the world's poorest and most disadvantaged.
