The economics of health and health care / Sherman Folland ...

This is the fourth edition of a book that was conceived in 1990 and first published in 1993. To indicate how much the world of health economics has changed, the first edition made a single reference to "managed care," and that was in the context of monopoly power in the provision of health care. This book was first written to assist health economics instructors in developing a clear, step-by ...
