For courses in Intercultural Business Communication. Prepare future managers to face the differences in business communication across cultures. With the globalization of the world economy, it is imperative for current and future managers to be sensitive to the differences they will encounter in intercultural communication.

Introduction. It is frequently pointed out that one's intercultural communication competence is context-dependent. A big difference in how communication is carried out in business contexts as opposed to other contexts is that "business people need practical immediately applicable business tools that will help them solve business communication problems" (Tomalin 2009:115).

*Immigration makes intercultural communication increasingly necessary *Business communicators must learn to adapt to an intercultural workforce and multinational companies. Characteristics of culture *Is learned *Is inherently logical *Forms our

self-identity and community
