"On the night of the full moon in Wyoming Territory, somebody dies a horrible and ghastly death by being scalped. For months, the territory is held by the grip of fear and Governor Hale turns to Charles Porter, founder of the Illinois Detective Agency, for help. Porters two top agents, James Duffy and Jack Cavill, are on holiday with their lady friends, so Porter assigns Joe Charles and Tom Adcock and scout/tracker Joseph Goodluck, a Mexican Comanche, to the assignment. Charles, Adcock, and Goodluck report to Governor Hale in Wyoming Territory. The most recent full-moon killing took place just a week earlier at the ranch owned by Ben Foster, located north of the capital in Cheyenne. From the Foster Ranch, Goodluck tracks the mystery killer northeast into South Dakota where it appears the trail leads to the Pine Ridge Indian Reservation. Goodluck leaves Adcock and Charles behind, as they are not allowed on the reservation, and he visits with the Lakota people to see if they know anything about the

scalping and murders. Goodluck learns nothing on the reservation and returns to Adcock and Charles to find they have been scalped and murdered. Goodluck returns to Governor Hale with the news, which sends people all across Wyoming Territory into a panic. Farmers and ranchers leave the territory and Hale fears statehood will be delayed for decades. Charles Porter sends emergency telegrams to Duffy and Cavill to return to the office at once. When Duffy and Cavill arrive, they are reunited with Goodluck, and the men travel to Wyoming to hunt down the mysterious full-moon killer, known by the people as the ghost killer"-

-".. Rick McCallum has been a professional stuntman, actor and stunt coordinator for over 35 years, and has more than 75 movie and TV projects to his name. He has been in many horror movies, most notably Hatchet 2 where he is chain sawed in half by his best friend Kane (hey, what are friends for?).. He frequently played monsters or paranormal characters. He has stunt doubled for many well-known actors, including Barry Bostwick,

Oliver Platt, Christopher Noth, and Greg Evigan among many others. Rick's real passion is the paranormal which began at age 13 and has been a lifelong pursuit. While working on a movie in Mansfield Reformatory, a very haunted prison in Ohio, he and Kane Hodder (Jason Voorhees in Friday 13th Parts 7, 8, 9, and 10) discovered a mutual interest in the paranormal and founded the Hollywood Ghost Hunters. They later added R.A. Mihailoff (Leatherface, Texas Chainsaw Massacre part 3). The three appeared on the TV show Ghost Adventures where they joined the GA crew in an investigation at the Pico House in Los Angeles. This book combines a unique blend of stories of movies, ghost hunting, and humor as Rick recounts the extraordinary happenings in his life. He has ghost hunted all over the United States, many times while on location for a movie, and has also ghost hunted at many of the most iconic haunted locations in Scotland, England, Ireland and Australia. The locations would be a bucket list for most paranormal investigators, including Waverly Sanitorium, the Queen Mary, Pioneer Saloon, Oman House, Rosslyn Chapel, Bachelor's Grove, Bolton Abbey, Greyfriars Cemetery, Hellfire Club, Leap Castle, and the Real Mary King's Close. Rick relays his time living in what may be the most haunted house in America, and the stories that happened there are incredible! Some of the hunts are fun, most are intense, and the one at Leap Castle in Ireland is the most terrifying ghost experience you may ever read. What others have to say?... Rick's connection with the afterlife is undeniable, the spirits of Leap Castle made their presence known to him before he even stepped inside the building'. Greg Stewart, Scottish Paranormal .. The female spirits, especially Ruby love Rick, and

call out his name on the Spirit Box, or in an actual voice you can hear every single time he has been here, and he has been here about a half dozen times! Jill Allen Padovese, Director, Haunted Lockdown, Pioneer Saloon.. I remembered Rick telling me about what happened at Leap Castle, and when I read the book I felt everything he was going through and it literally brought me to tears!!!! Deb White, Paranormal Investigator.. Rick shows up with just a little case of equipment and he gets just as much as any of the big TV production companies.. David Oman, the Oman House.. My most favorite memory of Rick was Scarefest 2018, when I watched him push a wheel chaired attendee to an event about a mile down the road because there wasn't room for her on the shuttle. Shannon Byers, Paranormal Author.. Rick was ghost hunting with my group at the Norwich Theater here in England, when he and I both saw a full body apparition six feet from us, and we both turned and said "did you see it too?" Mandy Fellows, Anubis Paranormal Investigations... Rick's approach to investigating Mary King's Close made it an amazing and memorable experience, his perception of his surroundings and the effect it had on others was unforgettable. J Craig Miller, Manager.. If Rick is there, spirit is there.. Ally Reid. Scottish Paranormal

An American writer of travel guides in need of a new location chooses to travel to a small and obscure Eastern European country. The moment Grafton crosses the border he is in trouble, much more than he could have imagined. His passport is taken by guards, and then he is detained for not having it. He is released into the custody of a family, but is again detained. It becomes evident that there are supernatural agencies at work, but they are not in some ways as threaten-

ing as the brute forces of bureaucracy and corruption in that country. Is our hero in fact a spy for the CIA? Or is he an innocent citizen caught in a Kafkaesque trap? In *The Land Across*, Gene Wolfe keeps us guessing until the very end, and after. Set primarily in Paris and Oxford, this fast-paced mystery novel links a long-missing manuscript from a famous eighteenth-century philosopher with a dark secret to a late twentieth-century murder of a prominent Princeton professor.

Born in Asheville, North Carolina, Thomas Wolfe (1900-1938) was one of the most influential southern writers, widely considered to rival his contemporary, William Faulkner--who believed Wolfe to be one of the greatest talents of their generation. His novels-- including *Look Homeward, Angel* (1929); *Of Time and the River* (1935); and the posthumously published *The Web and the Rock* (1939) and *You Can't Go Home Again* (1940)--remain touchstones of U.S. literature. In *Look Abroad, Angel*, Jedidiah Evans uncovers the "global Wolfe," reconfiguring Wolfe's supposedly intractable homesickness for the American South as a form of longing that is instead indeterminate and expansive. Instead of promoting and reinforcing a narrow and cloistered formulation of the writer as merely southern or Appalachian, Evans places Wolfe in transnational contexts, examining

Wolfe's impact and influence throughout Europe. In doing so, he de-territorializes the response to Wolfe's work, revealing the writer as a fundamentally global presence within American literature.

The religious fervor known as the Ghost Dance movement was precipitated by the prophecies and teachings of a northern Paiute Indian named Wovoka (Jack Wilson). During a solar eclipse on New Year's Day, 1889, Wovoka experienced a revelation that promised harmony, rebirth, and freedom for Native Americans through the repeated performance of the traditional Ghost Dance. In 1890 his message spread rapidly among tribes, developing an intensity that alarmed the federal government and ended in tragedy at Wounded Knee. While the Ghost Dance

phenomenon is well known, never before has its founder received such full and authoritative treatment. Indispensable for understanding the prophet behind the messianic movement, *Wovoka and the Ghost Dance* addresses for the first time basic questions about his message and This expanded edition includes a new chapter and appendices covering sources on Wovoka discovered since the first edition, as well as a supplemental bibliography.

A haunting story of magic and myth, of

one boy caught between worlds, and of the lengths he will travel to save those he loves. "Dark, magical, and mysterious, Bone Jack captured me and carried me away." —Rebecca Stead, Newbery Medal-winning author of *When You Reach Me* and *Goodbye Stranger* Times have been tough for Ash lately, and all he wants is for everything to go back to the way it used to be. Back before drought ruined the land and disease killed off the livestock. Before Ash's father went off to war and returned carrying psychological scars. Before his best friend, Mark, started acting strangely. As Ash trains for his town's annual Stag Chase—a race rooted in violent, ancient lore—he's certain that if he can win and make his father proud, life will return to normal. But the line between reality and illusion is rapidly blurring, and the past has a way of threatening the present. When a run in the mountains brings Ash face-to-face with Bone Jack—a figure that guards the boundary between the living world and the dead—everything changes once more. As dark energies take root and the world as he knows it is upended, it's up to Ash to restore things to their proper order and literally run for his life. Praise for *Bone Jack*: A 2015 Carnegie Medal nominee A 2015 Branford Boase Award nominee "Though this might seem like just another ghost story, there's subtle depth here, too, and teen fans of both horror and literary fiction will find lots to like." —Booklist "Crowe is a masterly storyteller whose lyrical prose will enthrall young readers. A page-turning and atmospheric offering for middle graders who crave dark fantasy." —School Library Journal "Crowe is particularly effective in evoking the sensory elements of the natural world...eminent of David Almond's work in its sensuality and mysticism." —Horn Book "British au-

thor Crowe crafts a tense, atmospheric tale steeped in folklore, where the setting itself comes alive. It's a quick but memorable read, and a fascinating take on the power of belief and healing." —Publishers Weekly "The action scenes around the chase itself are gripping, with lots of high drama and no guaranteed happy outcome. What's even more memorable, however, is the lingering feeling of loss that shapes so many lives in this British import; plenty of real-life monsters like war, depression, and isolation haunt people as much as ghostly hound boys." —BCCB "[P]owerful and beguiling." —Telegraph "A lovely, eerie adventure, balancing the ancient magic with Ash's very real character growth." —Kirkus Reviews

The shocking true case of demonic possession from the reporters who first covered it in the Boston Herald. The case was discussed and you can watch the real exorcism footage in the blockbuster horror film *The Conjuring*. When terrifying, bizarre things kept happening to a hard-working Massachusetts farmer, he did what anyone would do. First he went to the local police chief. Then he went to his priest. And then he went to Ed and Lorraine Warren, the world's most famous demonologists who investigated the "The Amityville Horror" and other terrifying cases of demonic possession. It was the Warrens who called in one of America's most renowned exorcists, Bishop Robert McKenna. What they all experienced is described in this extraordinary book. Absolutely terrifying. Absolutely true. Don't miss the Warrens' new film "Annabelle" (October, 2014).

Horror novelist Peter Straub creates highly personalized fiction with an allusiveness and ambiguity that deny the genre's explicit nature. For him, the Gothic style is to be created and recreated in a changing world--Faustian pacts, buried secrets, haunted places, ghosts, vampires and succubi take on strange new shapes and effects. Stephen King describes Straub's style as "a synthesis of horror and beauty." Drawing on interviews with Straub and featuring an exclusive interview with King, this study explores the work of the author who has been called "a writer of rare wit and intelligence in a field beset with cynical pot-boilers" (Douglas E. Winter, *Washington Post*, October 14, 1984).

Defines telepathy, clairvoyance, precognition, and psychokinesis, and advises psychotherapists how to distinguish between psychotic delusions and possibly genuine psychic experiences.

Explains why Christianity developed the way it did, drawing on the anger of the lower class against Roman wealth and power, and shows how early Christian writers altered historical facts to "sell" the new religion to potential converts. Shortly after the events in *Return of the Jedi*, newlyweds Han Solo and Leia Organa Solo journey to Tatooine to recover a famous work of art that conceals a spy code, and their quest leads them to the discovery of an extraordinary link to the past.

The explosive and controversial debut novel by a major new voice in fiction. Meet Tristan Hart, a brilliant young man of means. The year is 1751, and at the age of twenty he leaves home to study medicine at the great hospital of St. Thomas in London. It will be a momentous year for the intellectually ambitious Mr. Hart, who, in addition to being a student of Locke and Descartes and a promising young physician, is also, alas, psychotic. He is obsessed with the nature of pain and medically preventing it, but—equally strong and much harder to control—is his obsession with causing it. Desperate to understand his deviant desires before they are his undoing, he uses the new tools of the age—reason and science and skepticism—to plumb the depths of his own dark mind. Profoundly imaginative, unexpectedly funny, and with a strange but moving love story at its heart, *The Tale of Raw Head and Bloody Bones* is an oddly beautiful and daring novel about the relationship between the mind and body, sex, madness, pain, and the existence of God.

A man falls in the snow, hits his head on a curb, and dies. But something strange occurs: the man doesn't die, and the ghost that's been sent to take his soul to the afterlife is flabbergasted. Going immediately to its boss, the ghost asks,

what should I do

A careful consideration of the place of families in our national fabric.

Away from home, Tristan soon finds himself in a spectral battle that threatens not only his sanity but also his relationship with Wolf.

In the last thirty years the living-dead, the revenant, the phantom, and the crypt have appeared with increasing frequency in Jacques Derrida's writings and, for the most part, have gone unaddressed. In *Cryptomimesis* Jodey Castriano examines the intersection between Derrida's writing and the Gothic to theorize what she calls Derrida's "poetics of the crypt."

'Like Lorna Sage's "Bad Blood", "Giving Up the Ghost" is a story of childhood that is also a piece of history. A masterpiece.' Rachel Cusk "Giving Up the Ghost" is award-winning novelist Hilary Mantel's wry, shocking and beautifully written autobiography. It opens in 1995 with 'A Second Home', in which Mantel describes the death of her stepfather, a death which leaves her deeply troubled by the unresolved events of childhood. 'Now Geoffrey Don't Torment Her' begins in typical, gripping Mantel fashion: 'Two of my relatives have died by fire.' Set during the 1950s, it takes the reader into the muffled consciousness of her early childhood, culminating with the birth of a younger brother and the strange candlelit ceremony of her mother's 'churching'. Mantel then moves to a haunted house and mysteriously gains a stepfather. When she is almost eleven, her family flee the gossips and the ghosts, and resolve to start a new life. Teenage perplexity displaces childhood dreams of Arthurian knights as her home turns into

a place where the keeping of secrets has become a way of life. Convent school provides a certain sanctuary, with tacit assistance from the fearsome 'Top Nun'. After making good her escape to university and her own marriage, the author re-

veals how, through medical misunderstandings and neglect, she came to be childless, and how the ghosts of the unborn, like chances missed or pages unturned, have come to haunt her life as a writer.
