Imagine watching pounds of fat melt away without ever feeling like you're on a diet. Imagine adding lean muscle to all the right places by doing just a few workouts per week that make you strong. And imagine realizing that your health and fitness goals—even the ones you've all but given up on—are finally within your reach. *Muscle for Life* will show you how. From the best-selling fitness author of *Bigger Leaner Stronger* and *The Shredded Chef*, *Muscle for Life* reveals a science-based blueprint for eating and exercising that anyone can follow at any age and fitness level. Based on time-proven principles produced by decades of hands-on experience and thousands of hours of scientific research, *Muscle for Life* will give you a plan for transforming your body faster than you ever thought possible, including: -Conquering the "mental game" of fitness. Learn to hack your habits, willpower, and mindset so your fitness regimen feels like it's on autopilot. -Harnessing the science of "flexible dieting." A whole new paradigm for eating that empowers you to forever break free of fad dieting, crash dieting, and yo-yo dieting. -Unlocking the power of strength training. The "secret" to optimizing your body composition, which is far more important for your health and image than your body weight. Whether you're a beginner looking for a lifestyle change, a lifelong athlete looking to reach the next level, or somewhere in between, *Muscle for Life* will show you how to look, feel, and perform your best. And frankly, it may be the last fitness book you'll ever need to read.

Winner of the Shingo Publication Award Accelerate your organization to win in the marketplace. How can we apply technology to drive business value? For years, we've been told that the performance of software delivery teams doesn't matter—that it can't provide a competitive advantage to our companies. Through four years of groundbreaking research to include data collected from the State of De-

vOps reports conducted with Puppet, Dr. Nicole Forsgren, Jez Humble, and Gene Kim set out to find a way to measure software delivery performance—and what drives it—using rigorous statistical methods. This book presents both the findings and the science behind that research, making the information accessible for readers to apply in their own organizations. Readers will discover how to measure the performance of their teams, and what capabilities they should invest in to drive higher performance. This book is ideal for management at every level.

NEW YORK TIMES BESTSELLER *Zero Belly Diet* is the revolutionary new plan to turn off your fat genes and help keep you lean for life! Nutrition expert David Zinczenko—the New York Times bestselling author of the *Abs Diet* series, *Eat This, Not That!* series, and *Eat It to Beat It!*—has spent his entire career learning about belly fat—where it comes from and what it does to us. And what he knows is this: There is no greater threat to you and your family—to your health, your happiness, even your financial future. Yes, you can: Change your destiny. Overcome your fat genes. Strip away belly fat and finally attain the lean, strong, healthy body you've always wanted. With *Zero Belly Diet*, David Zinczenko reveals explosive new research that explains the mystery of why some of us stay thin, and why some can't lose weight no matter how hard we try. He explains how some foods turn our fat genes on—causing seemingly irreversible weight gain—and uncovers the nine essential power foods that act directly on those switches, turning them to "off" and allowing for easy, rapid, and sustainable weight

loss. And he shows how these foods help heal your digestive system, keeping those gene switches turned off and setting you up for a lifetime of leanness. Other diets can help you lose weight, but only the Zero Belly diet attacks fat on a genetic level, placing a bull's-eye on the fat cells that matter most: visceral fat, the type of fat ensconced in your belly. These fat cells act like an invading army, increasing inflammation and putting you at risk for diabetes, Alzheimer's, arthritis, heart disease, and cancer. Visceral fat can also alter your hormone levels, erode muscle tissue, increase your chances of depression, and destroy your sex drive. But you can turn the odds in your favor. Zero Belly Diet shows you how to deactivate your fat genes, rev up your metabolism, banish bloat, and balance your digestive health, allowing you to easily build lean, strong stomach muscle and strip away unwanted belly fat without sacrificing calories or spending hours at the gym. The result: weight loss that is easier, faster, more lasting, and more delicious than you'd ever imagine. You'll be stunned and inspired by the results of an amazing 500-person test panel—men and women who lost weight quickly, and with ease, following the Zero Belly diet. In just the first 14 days: Bob McMicken, 51, lost 16.3 pounds Kyle Cambridge, 28, lost 15 pounds Martha Chesler, 54, lost 11 pounds Matt Brunner, 43, lost 14 pounds Zero Belly Diet features a week-by-week menu plan, fifty tasty recipes, and a handy shopping list that leads to a minimum of cooking and plenty of feasting. Best of all, Zero Belly Diet offers something more: freedom. Freedom from bloating, freedom from food deprivation, freedom from weight loss fads, freedom from stress. So say goodbye to your paunch and hello to a happier, healthier you!

The essential diet and fitness guide to lean, sexy abs—including a results-driven 4-week program to lose weight, strengthen your core, and tone your entire body Call it a spare tire, muffin top, or paunch. Men and women consistently cite their belly as their biggest problem area—and it is often the toughest final pounds to lose. Not anymore! Whether readers' eating habits have been affected by stress, their bodies have changed with age, or they're constantly doing crunches without results, it's time to blast belly fat the right way. Using the comprehensive, week-by-week eating and exercise plan, readers can lose up to 20 pounds in 4 weeks—and keep it off, forever. The Women's Health Big Book of Abs special features include: A delicious, easy-to-follow diet that includes satisfying carbs! A special section on the best pre- and post-pregnan-

cy workouts Hundreds of tips on how to reveal a lean, flat belly and bikini-worthy body! Including a step-by-step, 4-week eating and exercise plan, easy-to-prepare recipes, and hundreds of exercises, The Women's Health Big Book of Abs is the ultimate guide to a leaner, fitter, sexier body—starting with your core.

The missing manual on how to apply Lean Startup to build products that customers love The Lean Product Playbook is a practical guide to building products that customers love. Whether you work at a startup or a large, established company, we all know that building great products is hard. Most new products fail. This book helps improve your chances of building successful products through clear, step-by-step guidance and advice. The Lean Startup movement has contributed new and valuable ideas about product development and has generated lots of excitement. However, many companies have yet to successfully adopt Lean thinking. Despite their enthusiasm and familiarity with the high-level concepts, many teams run into challenges trying to adopt Lean because they feel like they lack specific guidance on what exactly they should be doing. If you are interested in Lean Startup principles and want to apply them to develop winning products, this book is for you. This book describes the Lean Product Process: a repeatable, easy-to-follow methodology for iterating your way to product-market fit. It walks you through how to: Determine your target customers Identify underserved customer needs Create a winning product strategy Decide on your Minimum Viable Product (MVP) Design your MVP prototype Test your MVP with customers Iterate rapidly to achieve product-market fit This book was written by entrepreneur and Lean product expert Dan Olsen whose experience spans product management, UX design, coding, analytics, and marketing across a variety of products. As a hands-on consultant, he refined and applied the advice in this book as he helped many companies improve their product process and build great products. His clients include Facebook, Box, Hightail, Epocrates, and Medallia. Entrepreneurs, executives, product managers, designers, developers, marketers, analysts and anyone who is

passionate about building great products will find *The Lean Product Playbook* an indispensable, hands-on resource.

If you’re short on time and sick of the same old boring cardio routine and want to kick your fat loss into high gear by working out less and...heaven forbid...actually have some fun...then you want to read this new book. Here’s the deal: The “old

school" of cardio has you doing grinding, grueling long-distance runs or bike rides for hours and hours each week to burn a little bit of fat and, unfortunately, eat away muscle too (giving you that "skinny and flabby" look). Fortunately, the science of exercise has progressed and the "new school" of cardio has arrived, and it's a dream come true. If you follow the rules of the "new school" of cardio, you can have a lean, toned body by working out less than 20 minutes per day (you can even get in an intense, fat-burning workout in 5 minutes if you know what you're doing!). In this book, you're going to learn how to spend less time exercising to burn more fat and build muscle, and you won't have to ever step foot in a gym if you don't want to. And it's a fast read--no fluff here. Here are some of the secrets you'll learn inside: The 4 biggest weight loss myths and mistakes that keep people fat and stuck in a rut. If you've fallen victim to any of these (and most people have), you NEED to have this information. The 3 simple laws of healthy fat loss. All workable weight-loss methods rely on the three simple rules to achieve results, and once you know them, you don't need to chase fads. Why long-distance jogging is an incredibly inefficient way to lose weight and what you should do instead to have a lean, sexy body that you're proud of. (The good news is it's easy and takes no more than 20 minutes per day!) A fat-incinerating method of cardio that you can literally do during the 2-3 minute commercial breaks of your favorite TV shows. 4 killer circuit training workouts that not only melt fat but give you hard, rippling muscles that will make people green with envy. And more... This book is for people that hate doing cardio and want to squeeze every ounce of fat loss possible out of their workouts. Forget pounding the pavement for hours and hours every week just to lose a little fat and muscle. Follow the methods taught in this book and you can torch fat in a fraction of the time and get tight, toned muscles (and you might actually have some fun too!). **SPECIAL BONUS FOR READERS!** With this book you'll also get a free 23-page bonus report from the author called "12 Health & Fitness Mistakes You Don't Know You're Making." In this free bonus report, you're going to learn the truth behind 12 of the most common health & fitness myths out there that ruin people's efforts to get fit. If you've ever wondered about things like if your genetics are holding you back, if you should stretch before lifting weights, if certain exercises shape your muscles better than others, and if you should shoot for a "target" heart rate zone to burn fat, then you need to read this report. Have you ever noticed people working out for hours and hours over months and years... and looking the same year after year? Doing SOMETHING is great, but doing the RIGHT THING is priceless. I was once lost. I was out of shape. I was overwhelmed by the things people said I had to do to lose weight and regain my health. I didn't have time to work out for hours. I didn't want to enslave myself to a treadmill and eat lettuce and rice cakes the rest of my life. And I'll be honest, I HATE running laps and doing mountain-climbers or burpees. Yeah, no way! And then I learned the role muscle plays in your metabolism. Game-changer! Muscle tissue burns calories 24 hours a day, 7 days a week, in the gym or sitting on the couch. Muscle is the true key that unlocks fat loss for life! The truth is, recent exercise science research has pinpointed the factors most important in building lean muscle tissue. If you know what those factors are, you can design a program that incorporates all the necessary parameters, one that checks all the necessary boxes in only 15 minutes a day. That's what we did. And that is what we do now. If you know you need to do something about your health and fitness but don't know where to start, this book is for you. It takes you through the rational basis for a fresh approach to lifetime leanness, and then breaks it down into small, practical steps that fit easily into the lives of real people with families, jobs and life responsibilities. Utilizing the most current research from nutrition and exercise science, we at 15Minute.Fitness take these principles and make them into a practical and actionable program of step-by-step small changes. By the end of this book, all the small changes will add up into a lifestyle change that will transform your body and your life--and not just your life, but the lives of your family as well. **Workout Smarter not Harder! 15Minute.Fitness fits your life.**

**You Are Never Too Old To Pick Up a Gym Habit or Sculpt Your Dream Body! Women are not small men. Stop eating and training like one. Because most nutrition products and training plans are designed for men, it's no wonder that so many female athletes struggle to reach their full potential. ROAR is a comprehensive, physiology-based nutrition and training guide specifically designed for active women. This book teaches you everything you need to know to adapt your nutrition, hydration, and training to your unique physiology so you can work with, rather than against, your female physiology. Exercise physiologist and nutrition scientist Stacy T. Sims, PhD, shows you how to be your own biohacker to achieve optimum athletic performance. Complete with goal-specific meal plans and nutrient-packed recipes to optimize body composition, ROAR contains personalized nutrition advice for all stages of training and recovery. Customizable meal plans and strengthening exercises come together in a comprehensive plan to build a rock-solid fitness foundation as you build lean muscle where you need it most, strengthen bone, and boost power and endurance. Because women's physiology changes over time, entire chapters are devoted to staying strong and active through pregnancy and menopause. No matter what your sport is—running, cycling, field sports, triathlons—this book will empower you with the nutrition and fitness knowledge you need to be in the healthiest, fittest, strongest shape of your life.

Get the recipes everyone is talking about in the debut cookbook from the wildly popular blog, Skinnytaste. Gina Homolka is America's most trusted home cook when it

comes to easy, flavorful recipes that are miraculously low-calorie and made from all-natural, easy-to-find ingredients. Her blog, Skinnytaste is the number one go-to site for slimmed down recipes that you'd swear are anything but. It only takes one look to see why people go crazy for Gina's food: cheesy, creamy Fettuccini Alfredo with Chicken and Broccoli with only 420 calories per serving, breakfast dishes like Make-Ahead Western Omelet "Muffins" that truly fill you up until lunchtime, and sweets such as Double Chocolate Chip Walnut Cookies that are low in sugar and butter-free but still totally indulgent. The Skinnytaste Cookbook features 150 amazing recipes: 125 all-new dishes and 25 must-have favorites. As a busy mother of two, Gina started Skinnytaste when she wanted to lose a few pounds herself. She turned to Weight Watchers for help and liked the program but struggled to find enough tempting recipes to help her stay on track. Instead, she started "skinny-fying" her favorite meals so that she could eat happily while losing weight. With 100 stunning photographs and detailed nutritional information for every recipe, The Skinnytaste Cookbook is an incredible resource of fulfilling, joy-inducing meals that every home cook will love.

The Toyota Way Fieldbook is a companion to the international bestseller The Toyota

Way. The Toyota Way Fieldbook builds on the philosophical aspects of Toyota's operating systems by detailing the concepts and providing practical examples for application that leaders need to bring Toyota's success-proven practices to life in any organization. The Toyota Way Fieldbook will help other companies learn from Toyota and develop systems that fit their unique cultures. The book begins with a review of the principles of the Toyota Way through the 4Ps model—Philosophy, Processes, People and Partners, and Problem Solving. Readers looking to learn from Toyota's lean systems will be provided with the inside knowledge they need to Define the company's purpose and develop a long-term philosophy Create value streams with connected flow, standardized work, and level production Build a culture to stop and fix problems Develop leaders who promote and support the system Find and develop exceptional people and partners Learn the meaning of true root cause problem solving Lead the change process and transform the total enterprise The depth of detail provided draws on the authors' combined experience of coaching and supporting companies in lean transformation. Toyota experts at the Georgetown, Kentucky plant, formally trained David Meier in TPS. Combined with Jeff Liker's extensive study of Toyota and his insightful knowledge, the authors have developed unique models and ideas to explain the true philosophies and principles of the Toyota Production System.

Do you ever feel like a hamster, spinning on a wheel in an endless loop and getting nowhere when it comes to your health and fitness? Are you working out regularly and cutting calories but seeing no real improvements? Does it feel like you will never lose those last 10 or 20 pounds? Or do you feel as if you simply don't have the time required to lose the fat and get into shape? Imagine if you could have the blueprint for the most efficient form of exercise to keep your body healthy and fit and an eating plan to satisfy hunger, taste, and health. Well, now you can. The best part? It will only require 15 minutes of exercise, twice a week, paired with a controlled-carb diet, and on the average, you will lose 10 pounds of fat within five weeks. It's hard to believe, but it works—and 15 Minutes to Fitness: Dr. Ben's SMART plan for total Fitness will not only show you how to do it but also explain why it works. If this sounds like just another "new exercise secret," please be assured that it is most certainly not. The foundation of this program is based on years of study, observation, and practice, and it has delivered real, measurable results in the overwhelming

majority of those who have tried it. Dr. Vincent "Ben" Bocchicchio has spent the last 40 years in the fitness and health field, and as he approaches 70, people are still shocked to hear that he only spends 14 minutes twice a week on working out. But it's true. With only 7 percent body fat, he is often asked what the secret is and if there's a "magic bullet." The answer would be that the magic bullet is knowledge. And now with this book you will understand why genetically our bodies require simple and limited exercise exposure and how you can follow this optimal pattern yourself. The fact is that as humans we are hard-wired to exercise our bodies in very specific ways to reap the highest level of health benefits. I will provide the simple scientific argument for why my combination of high intensity exercise and controlled carbohydrate eating is the most effective means for burning fat, so that you can better understand exactly why this works. Exercise and diet are the two most powerful tools available for attaining high levels of health and function, and 15 Minutes to Fitness will show you just how little it actually takes to achieve a maximum response.

From an elite Special Operations physical trainer, an ingeniously simple, rapid-results, do-anywhere program for getting into amazing shape For men and women of all athletic abilities! As the demand for Special Operations military forces has grown over the last decade, elite trainer Mark Lauren has been at the front lines of preparing nearly one thousand soldiers, getting them lean and strong in record time. Now, for regular Joes and Janes, he shares the secret to his amazingly effective regimen—simple exercises that require nothing more than the resistance of your own bodyweight to help you reach the pinnacle of fitness and look better than ever before. Armed with Mark Lauren's motivation techniques, expert training, and nutrition advice, you'll see rapid results by working out just thirty minutes a day, four times a week—whether in your living room, yard, garage, hotel room, or office. Lauren's exercises build more metabolism-enhancing muscle than weightlifting, burn more fat than aerobics, and are safer than both, since bodyweight exercises develop balance and stability and therefore help prevent injuries. Choose your workout level—Basic, 1st Class, Master Class, and Chief Class—and get started, following the clear instructions for 125 exercises that work every muscle from your neck to your ankles. Forget about gym memberships, free weights, and infomercial contraptions. They are all poor substitutes for the world's most advanced fitness machine,

the one thing you are never without: your own body.

Daniel Davey is the man who fuels many of Ireland's elite athletes. A performance nutritionist for Leinster Rugby and Dublin senior footballers, he has seen first-hand how consistently eating good food can lead to trophies, personal bests and incredible physiques. The good news is that it's not just in elite sport that you can raise your game through diet. Here, Daniel translates the science of nutrition into easy-to-follow information and simple, delicious recipes that will help you align your food choices with your nutrition and energy requirements. In this book, you can choose from lower carbohydrate, lower calorie recipes for rest and recovery days and higher carbohydrate, higher calorie recipes to energise and fuel your body on exercise days. Whether you want to reduce body fat, increase muscle mass or simply eat food that makes you feel healthy, energetic, strong and confident, the recipes and information in this cookbook will ensure you are primed to reach your personal best. 'Daniel opened my eyes to the importance of nutrition to my performance. My diet and work with Daniel were integral to my return from long-term injury. His passion for food and gaining an edge is infectious and it has driven us all to be better athletes.' Bernard Brogan, Dublin Senior Footballer 'Daniel not only gave me an insight into what was needed in terms of nutrition for performance but explained it simply and backed it up with incredible detail and science. By far the

best performance nutritionist I've ever worked with!' Seán O'Brien, Irish International Rugby Player 'I always looked for an edge when it came to my preparation for performance, and nutrition became a core element of this later in my career and this was mainly due to the support, education and guidance of Daniel Davey. Daniel has been key to helping me form the habits I need for peak performance.' Paul Flynn, Dublin Senior Footballer

The Intermediate BUILD program is designed for intermediate lifters with low amounts of body fat to break through plateaus and maximize muscle growth. Adding muscle mass once you've already had a bit of training experience becomes difficult to do. As an intermediate lifter, you've probably reached plateaus that have made it difficult to progress past your beginner stage. You're no longer benefiting from "newbie" gains and can no longer simply add weight to the bar every week to progress... ..and if you stick on a program that's not optimally catered to your training experience (i.e. sticking to a program designed for beginners), then you're not going see the results you're looking for.

Do you find it tricky to balance being healthy with cooking for a crowd? Best-selling author Joe Wicks, aka The Body Coach, presents this gorgeous book featuring more than a hundred delicious and nutritious recipes that are perfect for sharing with the special people in your life. Joe has helped hundreds of thousands of people to transform their bodies and feel amazing with his effective workouts and simple recipes. All of the recipes in Cooking for Family and Friends are organised into reduced-carb and post workout chapters, just like Joe's first three Lean in 15 cookbooks. This makes it a brilliant addition for those already familiar with Joe's eating structure (carbs following workouts or on active days) but the meals are also enjoyable and tasty for all, whether you are following Joe's plan or not. Cooking for Family and Friends is a beautifully photographed collection of Joe's easy favourites and crowd-pleasers, such as Roast Chicken with Celeriac Mash and Bacon Greens, BBQ Ribs with Dirty Corn, and Tandoori Chicken Thighs with Chapattis. All the recipes are big on flavour and packed with the hero ingredients you need to impress your mates, fuel your workout and burn fat.
