Since we can't know in advance how the market will react to an economic release, avoid taking (or being in) trades three minutes before or after a high-impact economic/company-specific data release. Check an economic-calender before the trading day begins, so you know the data release times. Block off those times on your charts, so you know not to take trades, leaving you to focus on each stage as it comes.

~~How to Keep Your Day Trading Simple - The Balance - Make ...~~

This is where market makers come in. Market makers—usually banks or brokerage companies—are always ready to buy or sell at least 100 shares of a given stock at every second of the trading day at the market price. 1 2. Market demand dictates where market makers set their bid prices (what they're willing to pay for shares) and ask prices (how much they're demanding), but market makers must always quote both prices for their trades.
