Originally published in 1962, when Lefebvre was beginning his career as a lecturer in sociology at the University of Strasbourg, it established his position in the vanguard of a movement which was to culminate in the events of May 1968. A classic analysis of the modern world using Marxist dialectic, it is a book which supersedes the conventional divisions between academic disciplines. With dazzling skill, Lefebvre moves from philosophy to sociology, from literature to history, to present a profound analysis of the social, political and cultural forces at work in France and the world in the aftermath of Stalin's death—an analysis in which the contours of our own "postmodernity" appear with startling clarity. Discover the secrets of written persuasion! "The principles of hypnosis, when applied to copywriting, add a new spin to selling. Joe Vitale has taken hypnotic words to set the perfect sales environment and then shows us how to use those words to motivate a prospect to take the action you want. This is truly a new and effective approach to copywriting, which I strongly recommend you learn. It's pure genius." -Joseph Sugarman, author of Triggers "I've read countless book on persuasion, but none come close to this one in showing you exactly how to put your readers into a buying trance that makes whatever you are offering them irresistible." -David Garfinkel, author of Advertising Headlines That Make You Rich "I am a huge fan of Vitale and his books, and Hypnotic Writing (first published more than twenty years ago), is my absolute favorite. Updated with additional text and fresh examples, especially from e-mail writing, Joe's specialty, Hypnotic Writing is the most important book on copywriting (yes, that's really what it is about) to be published in this century. Read it. It will make you a

better copywriter, period." -Bob Bly, copywriter and author of The Copywriter's Handbook "I couldn't put this book down. It's eye opening and filled with genuinely new stuff about writing and persuading better. And it communicates it brilliantly and teaches it brilliantly-exemplifying the techniques by the writing of the book itself as you go along." -David Deutsch, author of Think Inside the Box, www.thinkinginside.com "Hypnotic Writing is packed with so much great information it's hard to know where to start. The insights, strategies, and tactics in the book are easy to apply yet deliver one heck of a punch. And in case there's any question how to apply them, the before-and-after case studies drive the points home like nothing else can. Hypnotic Writing is not just about hypnotic writing. It is hypnotic writing. On the count of three, you're going to love it. Just watch and see." -Blair Warren, author of The Forbidden Keys to Persuasion

Paul Klee was endowed with a rich and many-sided personality that was continually spilling over into forms of expression other than his painting and that made him one of the most extraordinary phenomena of modern European art. These abilities have left their record in the four intimate diaries in which he faithfully recorded the events of his inner and outer life from his nineteenth to his fortieth year. Here, together with recollections of his childhood in Bern, his relations with his family and such friends as Kandinsky, Marc, Macke, and many others, his observations on nature and people, his trips to Italy and Tunisia, and his military service, the reader will find Klee's crucial experience with literature and music, as well as many of his essential ideas about his own artistic technique and the creative process.

Phil Factor is a legend in his own runtime. Scurrilous, absurd, con-

fessional and scathing by turns, Confessions of an IT Manager targets the idiocy, incompetence and overreach of the IT management industry from vantage point all the way up and down the greasy pole. Phil Factor (real name withheld to protest the guilty) has over 20 years experience in the IT industry, specializing in database-intensive applications. For withering insight into the human weaknesses and farcical levels of ineptitude that bring IT projects to their knees, plus occasional escapes into burnished pastiche and cock-a-leg doggerel there is no funnier, more illuminating commentary on the IT crowd.

Hypno-Fasting is a combination of two tried-and-tested, highly effective weight loss approaches, and is a great way to lose weight quickly, and permanently. Unlike other "diets" that are a constant struggle, Hypno-Fasting is easy to understand and stick to! With three simple fasting plans to choose from, anybody can pick up this book and get started immediately. Hypno-Fasting combines intermittent fasting with powerful psychological tricks and techniques so, as well as learning how to fast, you will also learn how to work on your weight-loss "mind game," helping you to become more effective and motivated. Using this method, you will also learn to increase your willpower and to develop beyond that old "yo-yo diet" mentality (which is both unhelpful and unhealthy). Whatever your sex, age or size, Hypno-Fasting will help you to easily reach your healthy fat-loss goals and help you to feel better about your relationship with food, permanently.

Initially banned in his home country The Kingdom of God Is Within You is Leo Tolstoy's great non-fictional work. The zenith of Tolstoy's thirty years of Christian thinking, it sets out a plan for a new society guided by a literal Christian interpretation. Christ con-

ceived of a society based on love, compassion and tolerance, and Tolstoy believed this was incompatible with violence. Tolstoy's response is the principle of nonresistance in the face of violence ... Now in a fully corrected edition, one of the true spiritual classics of the twentieth century. Published for the first time with an index and Cardinal Hans Urs von Balthasar's afterword, this new English publication of *Meditations on the Tarot* is the landmark edition of one of the most important works of esoteric Christianity. Written anonymously and published posthumously, as was the author's wish, the intention of this work is for the reader to find a relationship with the author in the spiritual dimensions of existence. The author wanted not to be thought of as a personality who lived from 1900 to 1973, but as a friend who is communicating with us from beyond the boundaries of ordinary life. Using the 22 major arcana of the tarot deck as a means to explore some of humanity's most penetrating spiritual questions, *Meditations on the Tarot* has attracted an unprecedented range of praise from across the spiritual spectrum.

Originally published in 1895, this early work of psychology is both expensive and hard to find in its first edition. It contains Freud and Breuer's case studies of hysteria and their methods of psychoanalytic treatment. This is a fascinating work and is thoroughly recommended for anyone with an interest in the history of psychology. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The classic thriller about a hostile foreign power infiltrating American politics: "Brilliant . . . wild and exhilarating." —The New Yorker A war hero and the recipient of the Congressional Medal of Honor, Sgt. Raymond Shaw is keeping a deadly secret—even from himself. During his time as a prisoner of war in North Korea, he was brainwashed by his Communist captors and transformed into a deadly weapon—a sleeper assassin, programmed to kill without question or mercy at his captors' signal. Now he's been returned to the United States with a covert mission: to kill a candidate running for US president . . . This "shocking, tense" and sharply satirical novel has become a modern classic, and was the basis for two film adaptations (San Francisco Chronicle). "Crammed with suspense." —Chicago Tribune "Condon is wickedly skillful." —Time Cycle of interrelated stories that sympathetically view lonely and

frustrated individuals in a midwestern town.

Please note: This is a companion version & not the original book. Sample Book Insights: #1 This second book expands on the techniques you learned in book 1, and teaches you how to use your hypnotic language to its fullest potential. I will teach you how the brain processes words, and how to be even more artfully vague. I'll also teach you how to use more tricks of the trade, observations, experiences, theories, and approaches to hypnotize anyone. #2 By the end of this book, you will know more about hypnosis and how the human mind works than most doctors and therapists. You will be able to hypnotize others without me holding your hand every step of the way.

Introduction to real hypnosis techniques, written for the Average Joe, who has no PhD, psychology degree, or any other previous knowledge about hypnosis. This book will have you hypnotizing people in a matter of hours! Includes a complimentary hypnosis induction audio file, downloadable from the website, so you can experience hypnosis for yourself!

Art Does art leave you cold? And is that what it's supposed to do? Or is a painting meant to move you to tears? Hemingway was reduced to tears in the midst of a drinking bout when a painting by James Thurber caught his eye. And what's bad about that? In *Pictures and Tears*, art historian James Elkins tells the story of paintings that have made people cry. Drawing upon anecdotes related to individual works of art, he provides a chronicle of how people have shown emotion before works of art in the past, and a meditation on the curious tearlessness with which most people approach art in the present. Deeply personal, *Pictures and Tears* is a history of emotion and vulnerability, and an inquiry into the nature of art. This book is a rare and invaluable treasure for people who love art. Also includes an 8-page color insert.

All kinds of people are secretly (or not so secretly) fascinated by the erotic possibilities of hypnosis. Many of us know that hypnosis doesn't really have the kind of mind-melting power we see in movies. Still, we can't help but get turned on at the thought of either controlling someone, or being controlled by someone, into doing things we've been told we shouldn't do ... but really, inside, kind of want to. In this book, Mark Wiseman (Wiseguy) will teach you how to put your partner into a hypnotic trance safely and effectively. Then the fun begins as you learn how to: Create or intensify arousal and desire Turn their entire body into an eroge-

nous zone eager for your touch Get kinky with hypnotic bondage, flogging, or tickling Give them intense pleasure using his Five-Point Palm Exploding Orgasm technique and more! Whether you are new to hypnosis or have already learned the basics, *Mind Play* will give you the tools you need to become a skilled, responsible erotic hypnotist. This 2017 edition has been updated to reflect changes in community standards and resources.

Everyone can be a successful hypnotist and the *Rogue Hypnotist* shows you exactly how. The process of hypnosis is outlined in clear, plain English, in a series of brief learning modules that anyone can understand. The use of words alone will induce hypnotic trance in anybody, you don't need dangling watches. You will learn what hypnosis and trance really are. You will learn what the subconscious is and how to communicate with it to make people feel amazing.

Not control his amorous and pugilistic inclinations and so left for the West. According to his "Confession," he seduced countless women in the U.S. and Mexico, never missed a fandango, fought gallantly against Mexican guerrillas, and rode with the 1st Dragoons into the Battle of Buena Vista. His remarkable story is pure melodrama; but Goetzmann has proven by his painstaking research that much of it is true. In extensive annotation, the editor has been able to separate.

Gerald Graff argues that our schools and colleges make the intellectual life seem more opaque, narrowly specialized, and beyond normal learning capacities than it is or needs to be. Left clueless in the academic world, many students view the life of the mind as a secret society for which only an elite few qualify. In a refreshing departure from standard diatribes against academia, Graff shows how academic unintelligibility is unwittingly reinforced not only by academic jargon and obscure writing, but by the disconnection of the curriculum and the failure to exploit the many connections between academia and popular culture. Finally, Graff offers a wealth of practical suggestions for making the culture of ideas and arguments more accessible to students, showing how students can enter the public debates that permeate their lives.

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved world-

wide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

Crown House is pleased to announce the publication of the third edition of *The Art of Hypnosis: Mastering Basic Techniques* by Roy Hunter. This updated third edition includes a new introduction by Conrad Adams PhD together with a revised Chapter 1. Roy Hunter is an expert in the field of hypnosis. He was specially selected to carry on the work of the 'Grand Master of Hypnotherapy', the late Charles Tebbetts, who was a master teacher and contributor to the art/science of hypnosis and hypnotherapy. This book is based upon the training course of Tebbetts, which has been updated by Roy Hunter. Tebbetts' training has formed the basis of a large number of hypnotherapy courses taught in America and Europe. *The Art of Hypnosis* is well-written and easy to read and understand, even for the novice. In-depth and practical information is given on how to achieve maximum results in a hypnotic session by phrasing suggestions properly and by using various techniques to determine which approach is best for each individual client.

The gavel hit the block and his mind went silent. Marks soul folded up small: once, twice, and once more. Until his senses were withdrawn from the reality and the numbness in his head made a dream-time of the external world. His mothers cries echoing in the courtroom. But it couldn't be real, could it? A violent thrust and he fell into a cage. A heavy door closing behind. The sound of the starting engine. Bang! The gavel against the block now was no more than a resonance in his head. He lost the game. It was over. From mindless delinquent to mindful hypnotist, Mark Anthonys story take us from the criminal world of Southeast London, through many trials and tribulations to a successful career as one of Australia's most sought after Hypnotists. A roller-coaster of family violence, children's home, expelled and suspended from schools, child abuse, drugs, crime and loss of freedom in the form of time behind bars; cancer, bankrupt, divorce and false accusations, brother of a murderer, and the power of a mans mind driving his way out to a brighter life of love and success. Marks incredible story goes beyond anything told before: a real emerging phoenix. Fatherless, poor, beaten, abused, arrested, belted, threatened, on the verge of death...Marks childhood and adolescence elapsed like the worst of nightmares. The brother of a murderer, he lost four friends to heroin and was employed by an underworld figure. Treated like scum but trusting there was a way out, it was when the game seemed lost, behind bars, that Mark decided to change his life. It was an arduous path, rich in disappointments and great mistakes, albeit Marks life tells us that nothing is fatal and never everything is lost. An inspirational but raw story showing us that, no matter where we are at, there is always a

way up if we put our mind to it, "It's all about the choices we make."

"Hosts of all kinds, this is a must-read!" --Chris Anderson, owner and curator of TED From the host of the New York Times podcast Together Apart, an exciting new approach to how we gather that will transform the ways we spend our time together—at home, at work, in our communities, and beyond. In The Art of Gathering,

Priya Parker argues that the gatherings in our lives are lackluster and unproductive--which they don't have to be. We rely too much on routine and the conventions of gatherings when we should focus on distinctiveness and the people involved. At a time when coming together is more important than ever, Parker sets forth a human-centered approach to gathering that will help everyone create meaningful, memorable experiences, large and small, for work and for play. Drawing on her expertise as a facilitator of high-powered gatherings around the world, Parker takes us inside events of all kinds to show what works, what doesn't, and why. She investigates a wide array of gatherings--conferences, meetings, a courtroom, a flash-mob party, an Arab-Israeli summer camp--and explains how simple, specific changes can invigorate any group experience. The result is a book that's both journey and guide, full of exciting ideas with real-world applications. *The Art of Gathering* will forever alter the way you look at your next meeting, industry conference, dinner party, and backyard barbecue--and how you host and attend them.

If you've ever been interested in the powerful science of hypnosis or becoming a hypnotist, you've come to the right place. By the end of this book you will be able to hypnotize anyone, literally. The history of hypnosis is discussed, bringing you all the way to how you can hypnotize someone anywhere, anyplace, at anytime. You will learn the definition of hypnosis, as well as how it was used historically, and how it is used today. The dark side of hypnosis will also be investigated, to some degree. The book will give you an overview of some of the terrible and frightening ways that hypnosis has been, and is being used, to control what you see, hear and say, and how it can be used to get you to submit to the ultimate surrender of your mind. How does hypnosis work and what parts of the body and mind are affected by hypnosis? How does hypnosis change your brain chemistry? How does hypnosis alter your physical body? Does your temperature rise when you are hypnotized? Does your heartbeat quicken or does it slow down when you undergo hypnosis? The hypnotic interview and the pre-talk before you begin a hypnotic session are discussed, as well as how to induce a subject into a trance state. You will learn the steps and processes needed to work on, and with, a subject or patient in the hypnotic trance state. Trance deepeners are an additional resource during hypnosis. They are used to put a subject into an even deeper hypnotic trance state, to be properly hypno-

tized. What signs should a practitioner look for in a subject undergoing hypnotic suggestion to tell if the person is truly hypnotized? Just as important, you will learn the signs to look for if someone is just pretending to be hypnotized. Finally, you'll learn how to hypnotize anyone, anytime, in any place. You will amaze and astound your friends, family and coworkers with your hypnotic skill. You will be the hit at every party or fun event. It's a great way to break the ice with a prospective partner, too. Learning the art of hypnosis could be a lucrative career. You really never know the path you will travel. Learning hypnosis is a fun and exciting way to enjoy your life to the absolute utmost. What are you waiting for? Scroll up and hit the 'Buy Now' button to learn how you can hypnotize anyone, anytime, in any place.

The Hard Bound Book *Mind Control Language Patterns* are spoken phrases that can act as "triggers" to the people who hear them. In short, they influence and control how we respond and cause us to be influenced to do things without our knowing. These language patterns are not fantasies but are based on documented uses that come from, psychology, hypnosis, Neuro Linguistic Programming and studies of human behavior. *Mind Control Language Patterns* can be used to help and hurt. One can use *Mind Control Language Patterns* to create positive and lasting change in people, as well as feelings of trust, love and affections. They can also be used to induce amnesia, fear, insecurity and doubt. These types of patterns are what we call "dark" pattern.

This book contains various articles for hypnotherapists covering practical issues such as using Skype for a therapy session and working with cancer patients, some ideas for writing word patterns and what to say in the talking part of the session. And there are more theoretical issues such as the value of Emotional Intelligence and personality theory, as well as what we can learn from the Stoics and Buddhism.

In this 1989 book Rorty argues that thinkers such as Nietzsche, Freud, and Wittgenstein have enabled societies to see themselves as historical contingencies, rather than as expressions of underlying, ahistorical human nature or as realizations of suprahistorical goals. This ironic perspective on the human condition is valuable on a private level, although it cannot advance the social or political goals of liberalism. In fact Rorty believes that it is literature not philosophy that can do this, by promoting a genuine sense of human solidarity. A truly liberal culture, acutely aware of its own

historical contingency, would fuse the private, individual freedom of the ironic, philosophical perspective with the public project of human solidarity as it is engendered through the insights and sensibilities of great writers. The book has a characteristically wide range of reference from philosophy through social theory to literary criticism. It confirms Rorty's status as a uniquely subtle theorist, whose writing will prove absorbing to academic and nonacademic readers alike.

CONFESSIONS OF A HYPNOTIST by Top Television & Media Hypnotist and International Celebrity Mind Therapist Dr. Jonathan Royle BSc is subtitled: "Everything You Ever Wanted To Know About Hypnosis But Were Afraid to Ask" and the title pretty much says it all. For many years now most Industry Experts have regarded "Hypnotherapy" by Dave Elman as the Handbook for Hypnotherapists and anything by Ormond McGill as must study reading for Stage Hypnotists, However at long last that has all now changed with the release of "Confessions of a Hypnotist" by Dr. Jonathan Royle - BSc. This encyclopaedic course available in both Hard Back and Paper Back formats is an amazing compilation of many of Royle's Ebooks including "The Professional Art of Stage Hypnosis, Hypnotherapy & Complete Mind Therapy" - "The Lazy Mans Guide To Stage Hypnotism" "Make A Million From Hypnotherapy" "Hypnotising Animals for Fun and Profits" "Hypno-Tricks How To Be an Instant Hypnotist" "Theres No Such Thing As Hypnosis" and many others! Not only have all of Royle's previous works been compiled into one volume, but all of the information has been completely updated and extensively added to making this without doubt the most comprehensive Home Study Training Course on all areas of the Hypnotic Industry ever written or released to the general public. Indeed many of the Secrets, Ploys, Methods & techniques revealed within the pages of this course have never appeared in print or any other form of training course before, indeed they have been jealously guarded by the Most Successful hypnotists for years, but here for the first time Royle has decided to lift the lid and reveal the True Secrets of Hypnotic Success which can change your life and your clients life forever! To detail all of the mind-blowing secrets, ploys. The landmark text about the inner workings of the unconscious mind—from the symbolism that unlocks the meaning of our dreams to their effect on our waking lives and artistic impulses—featuring more than a hundred images that break down Carl Jung's revolutionary ideas "What emerges with great clarity from the book is that Jung has done immense service both to psychology as a science and to our general understanding of man in society."—The Guardian "Our psyche is part of nature, and its enigma is limitless." Since our inception, humanity has looked to dreams

for guidance. But what are they? How can we understand them? And how can we use them to shape our lives? There is perhaps no one more equipped to answer these questions than the legendary psychologist Carl G. Jung. It is in his life's work that the unconscious mind comes to be understood as an expansive, rich world just as vital and true a part of the mind as the conscious, and it is in our dreams—those personal, integral expressions of our deepest selves—that it communicates itself to us. A seminal text written explicitly for the general reader, *Man and His Symbols* is a guide to understanding the symbols in our dreams and using that knowledge to build fuller, more receptive lives. Full of fascinating case studies and examples pulled from philosophy, history, myth, fairy tales, and more, this groundbreaking work—profusely illustrated with hundreds of visual examples—offers invaluable insight into the symbols we dream that demand understanding, why we seek meaning at all, and how these very symbols affect our lives. By illuminating the means to examine our prejudices, interpret psychological meanings, break free of our influences, and recenter our individuality, *Man and His Symbols* proves to be—decades after its conception—a revelatory, absorbing, and relevant experience.

The sixtieth anniversary edition of Frantz Fanon's landmark text, now with a new introduction by Cornel West First published in 1961, and reissued in this sixtieth anniversary edition with a powerful new introduction by Cornel West, Frantz Fanon's *The Wretched of the Earth* is a masterful and timeless interrogation of race, colonialism, psychological trauma, and revolutionary strug-

gle, and a continuing influence on movements from Black Lives Matter to decolonization. A landmark text for revolutionaries and activists, *The Wretched of the Earth* is an eternal touchstone for civil rights, anti-colonialism, psychiatric studies, and Black consciousness movements around the world. Alongside Cornel West's introduction, the book features critical essays by Jean-Paul Sartre and Homi K. Bhabha. This sixtieth anniversary edition of Fanon's most famous text stands proudly alongside such pillars of anti-colonialism and anti-racism as Edward Said's *Orientalism* and *The Autobiography of Malcolm X*.
