chronological development of immigration flow in Japan. In particular, we will focus our attention on the history since World War II. Secondly, we will analyze the development of integration policy in Japan. Following that, we will consider the main issues recently discussed.

Japan is not ready or willing to accept an immigrant influx, says Barry Brophy. If Japan is to seriously consider increasing immigration, then it must also be serious about creating a social and legal framework that allows for the successful long-term integration of immigrants into society. There is none at present.
