Multinational Financial Management, 10th Edition provides corporate managers with a conceptual framework within which the key financial decisions of the multinational firm can be analyzed. All the traditional areas of corporate finance are explored, including working capital management, capital budgeting, cost of capital, and financial structure, in the context of a multinational corporation.

Multinational Financial Management 9th edition, Alan C. Shapiro This is a nice book for the medium-advanced student in finance - and definitely a good refresher for the practitioners of the international corporate finance. As other reviewers mentioned, might be a bit too shallow, but the number and the substance of the study cases helps for sure.
