BF1 - KARSYN BOWERS

Roar, ribbit, squeak, snore! Children will love imitating the noises made by creatures in the wild, from lions to dolphins to frogs and more. Illustrated with charming photographs, these sturdy pages show-

case wild animals and the sounds they make with supersimple facts and lively, age-appropriate language to keep babies and toddlers--and their grown-ups--fascinated by every colorful page. Designed to be the stepping-stone to the best-selling National Geographic Little Kids First Big

Book series, the Little Kids First Board Book series takes similar subjects and distills them down to the simplest nonfiction concepts for the youngest audience. Not only will readers learn the sounds wild animals make, they can also find recurring shapes and patterns in the art, while

adults can keep their eyes open for occasional funny commentary from the animals. Sidebar text offers additional learning for older siblings or those ready for more complex information. With their square shape, bright and playful design, awesome photography, clear text, and cues to encourage interactive learning, the Little Kids First Board Books mirror the beloved First Big Books while taking a fresh new approach to excite a baby's sense of wonder and make learning about nature and science fun.

Profiles several different animals from around the world that live in different habitats.

Introduces dinosaurs, describing popular species and how to pronounce their names.

Ponies is replete with brilliant photographs and catchy content that will both teach and entertain. Children will be captivated as they watch a brand new baby foal walk within minutes of being born then quickly turn into one of the most graceful animals on Earth. Like all of our level 1 readers written by skilled children's books authors, this title invites kids to learn more about their favorite topics in a familiar format

that instills success. National Geographic supports K-12 educators with ELA Common Core Resources. Visit www.natgeoed.org/commoncore for more information.

A fact-filled introduction to a variety of birds expands from backyard favorites to rainforest exotics.

Colorful birds! Jaguars! Tree frogs! National Geographic presents a delightful, age-appropriate introduction to tropical rain forest creatures big and small in this new title in the popular Little Kids First Big Book series. This adorable animal book about all things jungle features favorite animals found in tropical rain forests. Readers meet jaguars prowling the forest floor, snakes slithering through the understory, red-eyed tree frogs leaping through the canopy, butterflies flitting through the tallest treetops, and many other creatures that inhabit all the different layers. More than 200 charming animal photos illustrate the profiles, with facts about the creatures' sizes, diets, homes, and more. A map of tropical rain forests around the world shows where the animals in the book are found, and the book also intro-

duces readers to plant life. This book will quickly become a favorite at storytime, bedtime, and any time.

This charming reference introduces young readers to the wider world by exploring languages, landscapes, weather, animals, capital cities, mountains, deserts, and other landscapes and landforms, and more. It encourages kids to get play with activities such as creating a mini-rainforest in a bottle and singing a simple song in Spanish. More than 100 colorful photos are paired with kid-friendly and age-appropriate maps along with basic facts about each continent. This book will quickly become a favorite at storytime, bedtime, or any other time.
