An alphabet book in which each letter becomes three different objects as the book is turned different directions, as when A becomes a bird's beak, a drippy ice cream cone, and the point of a star.

The cult-y pocket-size field guide to the strange and intriguing secrets of the Mojave—its myths and legends, outcasts and oddballs, flora, fauna, and UFOs—becomes the definitive, oracular book of the desert

For the past five years, Desert Oracle has existed as a quasi-mythical, quarterly periodical available to the very determined only by subscription or at the odd desert-town gas station or the occasional hipster boutique, its canary-yellow-covered, forty-four-page issues handed from one curious desert zealot to the next, word spreading faster than the printers could keep up with. It became a radio show, a podcast, a live performance. Now, for the first time—and including both classic and new, never-before-seen revelations—Desert Oracle has been bound between two hard cov-

ers and is available to you. Straight out of Joshua Tree, California, *Desert Oracle* is "The Voice of the Desert": a field guide to the strange tales, singing sand dunes, sagebrush trails, artists and aliens, authors and oddballs, ghost towns and modern legends, musicians and mystics, scorpions and saguaros, out there in the sand. *Desert Oracle* is your companion at a roadside diner, around a campfire, in your tent or cabin (or high-rise apartment or suburban living room) as the wind and the coyotes howl outside at night. From journal entries of long-deceased adventurers to stray railroad ad copy, and musings on everything from desert flora, rumored cryptid sightings, and other paranormal phenomena, Ken Layne's *Desert Oracle* collects the weird and the wonderful of the American Southwest into a single, essential volume.

This set explores the hidden histories of San Francisco, New Orleans, and New York City. With many contributors, each atlas addresses the multi-faceted nature of a city as experienced by numerous categories of inhabitants.

A new publication of Joseph Heller's classic

WWII black comedy follows American bomber pilot Yossarian on his harrowing quest for the final mission that will free him from his military obligation.

What happens when media and politics become forms of entertainment? As our world begins to look more and more like Orwell's 1984, Neil Postman's essential guide to the modern media is more relevant than ever. "It's unlikely that Trump has ever read *Amusing Ourselves to Death*, but his ascent would not have surprised Postman." -CNN Originally published in 1985, Neil Postman's groundbreaking polemic about the corrosive effects of television on our politics and public discourse has been hailed as a twenty-first-century book published in the twentieth century. Now, with television joined by more sophisticated electronic media—from the Internet to cell phones to DVD—it has taken on even greater significance. *Amusing Ourselves to Death* is a prophetic look at what happens when politics, journalism, education, and even religion become subject to the demands of entertainment. It is also a blueprint for regaining control of our media, so that they

can serve our highest goals. "A brilliant, powerful, and important book. This is an indictment that Postman has laid down and, so far as I can see, an irrefutable one." -Jonathan Yardley, *The Washington Post Book World*

John Lewis Benson, born in Crawford County, Pennsylvania, was an 8th generation descendant of John Benson, who arrived in America at Plymouth Colony on 11 April 1638 on the ship "Confidence." After being reared in Chautauqua County, New York, John Lewis Benson's father, William, took him to Rock Island County, Illinois, following his daughters who had already made the migration. Shortly after reaching his majority, John Lewis Benson went to "Bleeding Kansas" as part of the wave of Abolitionists who sought to "keep Kansas free," which action reflected the devout Puritan Calvinism of his Benson forebears. He enlisted in the 5th Kansas Volunteer Cavalry two months after the first canon was fired on Fort Sumter, and served until the end of the War of Rebellion, being mustered out on 22 June 1865. He then returned to Kansas where he prospered, married, and fathered 5 children. He lost all

his worldly possessions due to drought and the economic collapse following The Panic of 1873, and then moved about Kansas seeking a new start. During this difficult period, his wife died, leaving him a widower with 4 children ages 6 to 11. He soon married a divorcee who brought her 3 chil-

dren, ages 1 to 3, to the marriage. In his second marriage, John Lewis fathered three more children. After the Unassigned Lands of Oklahoma Territory were opened for settlement in 1899, John Lewis and his blended family moved there and share-

cropped 40 acres southeast of Guthrie, Oklahoma, which he eventually bought. He died on this farm on 23 March 1906. This book by one of his great-grandsons tells the story of his life, the lives of his five sisters and one brother, and their ancestry back to 16th century Oxfordshire, England.
