Mitch Horowitz - Author • Lecturer • Narrator

Occult America: The Secret History of How Mysticism Shaped Our Nation seems to be a very well researched book, but the writing comes off heavy-handed, like student's research paper. Horowitz's casts such a wide net with his subjects that most are regulated to a cold recitation of their first publication/occult experience, major events of their career (briefly noted), and their death if it is odd enough to mention.
