Prepared by Thomas Paczkowski. This study guife gives students an overview of each chapter, summarizes the major topics and concepts, and strengthens understanding through situational exercises involving cases, chapter highlights and quizzes. A section of lecture notes reproduces the transparencies with the chapter outline for easy in-class note taking. New to the eighth edition, the study guide is now available as an on-line study guide through the PHLIP website.

This concise summary of the most common clinical laboratory management topics emphasizes the

need for the entry-level laboratory practitioner to be aware of the financial, personnel, operational, and marketing issues affecting the laboratory in order to successfully perform and compete in the rapidly changing health care environment. Using examples, case studies, and commentaries, this book covers all topics relevant to laboratory management, including professionalism, ethics, employment interviews and selection, diversity, stress management, team building, communication and interpersonal relationships, public relations, scheduling, quality control, information systems, and legal considerations. Medical technologists and clinical laboratory scientists with less than 3 years' experience would benefit from

this discussion of basic management topics.

This textbook presents an introduction to marketing. It explains all the fundamental concepts and theories of marketing and demonstrates their application through a wealth of examples, case studies and vignettes.

Student-led in its design and development, the book incorporates digital marketing as central to what marketers do, and combines quality examples, assessment and online resources to support the teaching and learning of introductory marketing in a digital age. The author integrates digital and social media marketing throughout the chapters and through student involvement in the development of it, the text has been made to be approachable and to appeal to students, with infographics, numerous images, and an engaging writing style. It facilitates the "flipped" approach to classroom teaching and is supported by a number of features and activities in every chapter, encouraging students to undertake course reading, class parti-

icipation and revision. It includes case studies from global companies such as Nutella, Google, L'Oreal, Netflix, Airbnb, BirchBox, Uber, FitBit, Visit California and Coca-Cola. It also takes a social view of marketing, featuring cases tied to the UN's PRME initiative to aid students in becoming sustainably-minded individuals. The book is complemented by online instructor resources, including chapter-specific PowerPoint slides, an instructor manual, flipped classroom activities, as well as open access multiple choice questions (with solutions), videos, case studies, weblinks, a glossary and SAGE journal articles for students. To find out more and for a quick sneak peek, watch our video on the book's story.
