The Practice Guideline for the Treatment of Patients With Eating Disorders, Third Edition, con-sists of three parts (A, B, and C) and many sections, not all of which will be equally useful for all readers. The following guide is designed to help readers find the sections that will be most use-ful to them.

ISBN 978-0-7295-4098-8 - Booktopia

I like the secrets series, especially psychiatry and medicine. The "Psychiatric Secrets" is easy, quick read with solid information. It covers topics that are not well covered in most other pocket books, such as psychopharmacology in pregnancy, nursing, elderly, and children. It's surprising how much information is contained in this little book.

Essentials of Psychiatric Mental Health Nursing - 3rd Edition

Psychiatric Secrets although verbose, leaves much to be desired. It is poorly arranged, many sections in the book conflict with each other and the text does not allow for quick reference. The book does have good information on a basic level, but this book should provide advanced theory for those working in the field, as the other Secret series ...
