**What is SELECTION TEST? definition of SELECTION TEST ...**

Selection tests are only part of the selection process and you will still be asked to complete an application form, send in a

copy of your resume and attend at least one interview. All of these things will tell the employer something about you and help them to choose the most appropriate candidate for the vacancy position.

A number of written tests can be administered. A cognitive ability test can measure reasoning skills, math skills, and verbal skills. An aptitude test measures a person's ability to learn new skills, while an achievement test measures someone's current knowledge. Depending on the type of job, one or both will be better suited. **Psychology** Definition of SELECTION TEST: Physiological or psychological evaluation that measures an individual's appropriateness for a job. These kinds of assessments are generally employed to Sign in
