London. A snowy December, 1888. Sherlock Holmes, 34, is languishing and back on cocaine after a disastrous Ripper investigation. Watson can neither comfort nor rouse his friend until a strangely encoded letter arrives from Paris. Mlle La Victoire, a beautiful French cabaret star writes that her illegiti-

mate son by an English lord has disappeared, and she has been attacked in the streets of Montmartre. Racing to Paris with Watson at his side, Holmes discovers the missing child is only the tip of the iceberg of a much larger problem. The most valuable statue since the Winged Victory has been violently stolen in Marseilles, and several children from a silk mill in Lancashire have been found murdered. The clues in all three cases point to a single, untouchable man. Will Holmes recover in time to find the missing boy and stop a rising tide of murders? To do so he must stay one step ahead of a dangerous French rival and the threatening interference of his own brother, Mycroft. This latest adventure, in the style of Sir Arthur Conan Doyle, sends the iconic duo from London to Paris and the icy wilds of Lancashire in a case which tests Watson's friendship and the fragility and gifts of Sherlock Holmes' own artistic nature to the limits."

Suspicion soon falls on two skilled art restorers who previously worked at the gallery where all the vandalized art was purchased. When Joanna finds the body of one in a bricked off fireplace at the gallery, the other is left as the prime suspect. But then he's discovered dead as well. Luckily, Joanna has a plan for ensnaring the criminal once and for all. But it must not fail, or more paintings—and lives—will be lost.

The latest entry in Laurie R. King and Leslie S. Klinger's popular Sherlock Holmes-inspired mystery series, featuring fifteen talented authors and a multitude of new cases for Arthur Conan Doyle's most acclaimed detective. Sherlock Holmes has not only captivated readers for more than a century and a quarter, he has fascinated writers as well. Almost immediately, the detective's genius, mastery, and heroism became the standard by which other creators measured their creations, and the friendship between Holmes and Dr. Watson served as a brilliant model for those who followed Doyle. Not only did the Holmes tales influence the mystery genre but also tales of science-fiction, adventure, and the supernatural. It is little wonder, then, that when the renowned Sherlockians Laurie R. King and Leslie S. Klinger invited their writer-friends and colleagues to be inspired by the Holmes canon, a cornucopia of stories sprang forth, with more than sixty of the greatest modern writers participating in four acclaimed anthologies. Now, King and Klinger have invited another fifteen masters to become In League with Sherlock Holmes. The contributors to the pair's next volume, due out in December 2020, include award-winning authors of horror, thrillers, mysteries, westerns, and science-fiction, all bound together in admiration and affection for the original stories. Past tales have spanned the Victorian era, World War I, World War II, the post-war era, and contemporary America and England. They have featured familiar figures from literature and history, children, master sleuths, official police, unassuming amateurs, unlikely protagonists, even ghosts and robots. Some were new tales about Holmes and Watson; others were about people from Holmes's world or admirers of Holmes and his methods. The resulting stories are funny, haunting, thrilling, and surprising. All are unforgettable. The new collection promises more of the same!

Aurelia Richardson was a decorated anthropologist before she had a mental breakdown during an expedition. As the chosen caterers, Jayne Wilson and Gemma Doyle get to work preparing lavish meals and setting up Sherlockian books and props for entertainment. Meanwhile, police detective Ryan Ashburton has taken time away from his duties to assist in the kitchen. It quickly becomes apparent that David's guests don't like each other--or their host. Plus, some of them aren't even acquainted with the adventures of the Great Detective. Before Gemma can ponder their relationships a poisoned dart sails through the window of the library, presenting Gemma Doyle with a three-book problem.

The Oval, 1882. WG Grace, the great champion of England cricket, and Fred 'The Demon' Spofforth, that diabolical Australian bowler, are locked in a titanic tussle as England and Australia play out a thriller of a match. That was the day when giants clashed, sparks flew and it resulted in the lore of *The Ashes*. We know all about that. But, it has seldom been revealed that in the pavilion on that famous August day sat Sherlock Holmes, his services recruited by Charles W Alcock, Secretary of the Surrey County Cricket Club. After a century and a third thereof, the facts of the matter have finally been made public; Dr John Watson's account of the sensational events have at long last seen the light of the day. We are taken on a journey of knuckle-cracking, nail-biting cricket action along with suspense, tension, villainy and death, and the Birth of the Ashes. In this intricate tale of mystery and cricket, much of the described action and dialogues are scrupulously accurate and did take place at *The Oval* on that day. The narrative also remains faithful to the timeline, personal characteristics and idiosyncrasies of the Holmes canon. A gourmet treat for the lovers of Sherlock Holmes, mystery stories, as well as a delight for the cricket fans.

Sherlock Holmes TPB vol.1 This big tome reprints the award winning team of Martin Powell and Sepo Makinen's "Scarlet in Gaslight" and "A Case of Blind Fear". First, in "Scarlet in Gaslight", the Great Detective comes face to face with the master vampire Count Dracula. A beautiful young woman is afflicted with a strange anemia, losing her blood for no apparent reason. Called in to investigate, Holmes and Watson meet the eccentric Dr. Van Helsing, a noted scientist with an obsession for the occult. Together the three men uncover the most insidious plot ever master-minded by Holmes' nemesis, the infamous Professor Moriarty. Only Holmes himself has the ability to stop Moriarty's diabolical vampire invasion, but the cost may be his very sanity, his life, and ultimately, his mortal soul. In the second mystery, "A Case of Blind Fear", strange occurrences are plaguing 1895 London. A fruit vender sees an apple suspended in mid-air like a balloon, a clerk encounters a ghostly apparition, only its skeleton and internal organs visible, and a large quantity of obscure drugs has been stolen from several London chemists. Then there began the murders. Murders that no one seemed to commit. Was it a plague of hallucinations or was London truly haunted by a monstrous unseen

evil? The Great Detective is called into the case by Scotland Yard itself to uncover the horror and mystery of the Invisible Man.
