At the 2012 Black Library Weekender, Gav Thorpe said the Dark Angels are unique among the First Founding Space Marine Legions in that, although they obeyed the Codex Astartes and divided into chapters, they are so single-minded in their pursuit of the Fallen that, in a way, they remain united as a Legion.

So far, only the Ultramarines and White Scars have their own codex supplements, meaning that there are some unique Characters from the previous edition of Codex: Space Marines - such as Captain Lysander of the Imperial Fists and Vulkan He'stan of the Salamanders - who no longer have in-print datasheets. You'll be pleased to know that the full datasheets of these mighty heroes (including their updated matched play points values) are also available as a free PDF download.

One of the most-anticipated changes here is the folding of Dark Angels, Blood Angels, Deathwatch, and Space Wolves into the main codex. For the most part this is an improvement, normalising the unit lists and making future updates to the Marine range hugely easier to manage, but sometimes it's bad, because it gives Space Wolves units they don't deserve.
