classroom or grade level!The number lines included in this pack are:Distar:0-10Reading Mastery K:a-gPLEASE NOTE:Reading Mastery is developed by SRA and published by McGraw-Hill and part of the SRA program.

Amazon.com: sra distar Elementary School Curriculum & Programs (K-5)

DISTAR Arithmetic Corrective Mathematics Connecting Math Concepts is a comprehensive developmental mathematics program designed to teach students to compute, solve problems, and think mathematically.

Direct instruction. A particular subset of direct instruction, denoted by capitalization as Direct Instruction, refers to a specific example of the approach developed by Siegfried Engelmann and Wesley C. Becker. DI teaches by explicit instruction, in con-

trast to exploratory models such as inquiry-based learning.

DISTAR Arithmetic - Direct instruction

Funnix Beginning Math is a 100-lesson computer program, designed for preschool or kindergarten children who know no math and have no counting skills. It is also appropriate for older students who have not learned beginning math operations. The Math DVD consists of 2 installers and 3 special-use files which can be printed.

Corrective Math - NIFDI

Corrective Mathematics is a remedial system that solves a wide range of problems for struggling older students, even if they have failed with other approaches. Explicit, step-by-step lessons are grouped into separate modules that may be taught separately or concurrently to customize instruction for particular student needs.

SRA Reading Mastery (PreK-5) Uses the highly explicit, systematic Direct Instruction approach to accelerate reading for striving learners. SRA Corrective Reading (3-12) Provides evidence-based reading intervention to lift comprehension and fluency for struggling students.

Arrive Math Booster (K-8) The Direct Instructional System for Teaching Arithmetic and Reading (DISTAR) was developed to provide beginning and remedial instruction to disadvantaged children. This paper describes the DISTAR reading program, noting its heavy emphasis on programmed learning and repetitive drill exercises; it then cites the opinions of proponents and opponents of the program and notes the results of ...

Getting There: DISTAR Arithmetic System

The DISTAR Arithmetic programs teach the fundamental skills and concepts of math that are critical for students' success later in school. Level I is typically used with Kindergarten students but is also effective for high-performing preschool through low-performing grade 2 students.

Distar is a form of modified alphabet, based on the Initial Teaching Alphabet or ITA. With Distar, you get truly phonetic reading/writing/spelling -- one letter equals one sound. The advantages are that it is direct and logical and absolutely one-to-one.

Since the 1960s, SRA has been the publisher of Direct Instruction programs, also known as DISTAR (Direct Instruction System for Teaching Arithmetic and Reading). These include Language for Learning, Reading Mastery, Reasoning and Writing, Connecting Math Concepts

and Corrective Reading . MATH. DISTAR Arithmetic I; DISTAR Arithmetic II; Mathematics Laboratory New Edition 2a, 2b, 2c; Schoolhouse Mathematics Workbook; SCIENCE.
