In Sounding Dark (first in The Calpurnian Wars series) conflicts of human cultures flung between the stars awaken powerful mythic avatars of advanced technology that have become indistinguishable from magic.

"It was meant to be a soft mission, something to ease Doctor Daniel Jackson back into things after his time among the Ancients-- after all, what could possibly go wrong on a simple survey of ancient Chinese ruins? As it turns out, a whole lot. After accidentally activating a Goa'uld transport ring, Daniel finds himself the prisoner of Lord Yu, the capricious Goa'uld System Lord. Meanwhile, SGI's efforts to rescue their friend are hampered by a representative of the Chinese government with an agenda of his own to follow-- and a deep secret to hide. But Colonel Jack O'Neill is in no mood for delay. He'll go to any lengths to get Daniel

back-- even if it means ignoring protocol and taking matters into his own hands"--- Page 4 of cover.

Unable to refuse a call to arms, commando Jack O'Neil, renegade Egyptologist Daniel Jackson, and the people of Abydos begin a desperate quest for freedom one million light years away from the planet Earth. Original.

Stargate: Atlantis is back with brand new comic book adventures that pick up right where the acclaimed TV series left off! Comic art legend Greg LaRocque (Flash: The Return of Barry Allen, Web of Spider-Man) and newcomer Scottie Watson join the writing team of Mark L. Haynes & J.C. Vaughn (24, Stargate Universe) to deliver the powerful and long-awaited new tales of John Sheppard, Teyla, Ronon, Rodney McKay and the rest of the beloved characters. After Atlantis is stranded on Earth following the events in the series' cliffhanger ending, what sur-

prising danger threatens them and our whole planet? And while they're on Earth, what new menace enters the scene in the Pegasus galaxy? All will be revealed in this exciting new collection of American Mythology's first two story arcs, *Stargate Atlantis: Back To Pegasus* and *Stargate Atlantis: Gateways*, the comics that made one review say, "As far as television franchises continuing on in comic books I think this one is definitely the most authentic to the series."

Sequel to *A Matter of Honor*: O'Neill pays a heavy price for loyalty.

Captured by the Goa'uld Lugh, Carter faces a hard choice: help repair a cloaking device that would give Lugh a dangerous advantage or allow SG-1 to be handed over to the System Lords.

Global disaster threatens the Atlantis homeworld.

In the fragile peace following Queen Death's defeat, Dr. Daniel Jackson arrives in Atlantis to indulge in some real archaeology. Naturally, things don't go according to plan.

Colonel Jack O'Neill and his SG-1 team find themselves stranded on a primitive world where the inhabitants pay homage to the Goa'uld by providing their best specimens as host bodies for their young.

Bizarre military history: In 1979, a crack commando unit was established by the most gifted minds within the U.S. Army. Defying all known laws of physics and accepted military practice, they believed that a soldier could adopt the cloak of invisibility, pass cleanly through walls, and—perhaps most chillingly—kill goats just by staring at them. They were the First Earth Battalion, entrusted with defending America from all known adversaries. And they really weren't joking.

What's more, they're back—and they're fighting the War on Terror. An uproarious exploration of American military paranoia: With investigations ranging from the mysterious "Goat Lab," to Uri Geller's covert psychic work with the CIA, to the increasingly bizarre role played by a succession of U.S. presidents, this might just be the funniest, most unsettling book you will ever read—if only because it is all true and is still happening today.

Includes a sneak peek at *Incursion* an O.C.L.T. novel by Aaron Rosenberg.

Laurel and Hardy have experienced worldwide notoriety for their comic adventures and *American Mythology* has uncovered some of their classic comic book follies that have never been seen in English! You can enjoy these lovingly crafted tales from yesteryear for the first time in this series.

When the mad scientist Meltdown attacks Dr. Sumdac's laboratory, only Bumblebee, the smallest of the Autobots, can make his way to the lab and battle him.

The first-ever audiobook for *gen:LOCK*, the hit animated sci-fi series starring Michael B. Jordan, Dakota Fanning, David Tennant, and Maisie Williams!

Colonel John Sheppard wakes up to find

that he and his team are scattered across a tropical archipelago, unable to communicate or return to Stargate, and soon Sheppard and Teyla are taken prisoner while McKay, Ronon and Zelenka mount a rescue.

A story of Nantucket whaling days. Searing hatred and vibrant love vie for the possession of captain Jabez Folger's soul. This stemmed from his first voyage when he had an experience so evil that it changed his life. Now and then a warm and gentle spirit would emerge, his old self. Under this influence he married a lovely Quaker girl but now he had turned against dry land. His love centered on the mermaid figure head on his boat, a symbol of the beauty and indifference of the sea. A powerful book, vivid characters, a plot breathtaking in scope.

Colonel Shepherd's team fight not only to save their city and free their friends, but ultimately to save an entire species from extinction. In this riveting conclusion to the epic Legacy series, the destiny of Atlantis and her people will be decided.

One hundred years in the future, someone steals Trouble's identity on the computer nets and she, the greatest hacker of them all, returns from retirement to track down and confront the imposter in the strange, constantly-changing world of computer reality.

Woman of Mystery The world knows her as an actress and courtesan, the mistress of one of Napoleon's glittering inner circle, but Elza (aka Ida St Elme) is more than that. Only a few besides her beloved Michel know she is a secret agent in Napoleon's service, a confidential spy who works directly for the Emperor himself. Even fewer know that she is also a Companion, an old soul who has lived many lives and whose flashes of

clairvoyance have occasionally given her the edge she needed to unravel an unfathomable mystery. Now Elza faces her greatest challenge yet, but her past threatens to hinder rather than help. What ancient failure weighs heavy on her soul, and how does it complicate her current task for Napoleon? Will ignorance and fear lead them all to repeat past mistakes? Or can Elza overcome the shadow of the past to complete her mission - with no less than the government of France hanging in the balance? From the ballrooms of Warsaw to the streets of Rome, from blood-soaked snowy battlefields to the buried ruins of Pompeii, from palaces to prisons, Elza must face her past to claim her future.

In this first installment in a six book series set after the end of Stargate Atlantis's final season, Atlantis returns to the Pegasus Galaxy where the Wraith are now under the new and powerful Queen of Death who desperately needs Dr. Rodney McKay--the only one who can lead them to Earth. Original.

"AI and the Technological Singularity: A Fallacy or a Great Opportunity" is a collection of essays that addresses the question of whether the technological singularity--the notion that AI-based computers can program the next generation of AI-based computers until a singularity is achieved, where an AI-based computer can exceed human intelligence--is a fallacy or a great opportunity. The group of scholars that address this question have a variety of positions on the singularity, ranging from advocates to skeptics. No conclusion can be reached, as the development of artificial intelligence is still in its infancy, and there is much wishful thinking and imagination in this issue rather than trustworthy data. The reader will find a cogent summary of the issues

faced by researchers who are working to develop the field of artificial intelligence and, in particular, artificial general intelligence. The only conclusion that can be reached is that there exists a variety of well-argued positions as to where AI research is headed.

THE UNKNOWN HAS AN ADDRESS. . . . Hidden away in the Badlands of South Dakota, Warehouse 13 is a top-secret repository for historical artifacts imbued with dangerous supernatural properties. Secret Service agents Pete Lattimer and Myka Bering are ever on the lookout for loose artifacts threatening to ruin the world's day. Their mission: "Snag it, bag it, tag it." Reports of a genuine psychic healer, along with a simultaneous epidemic of mysterious illnesses, lead Myka and Pete on a hazardous investigation that stretches from a carnival sideshow back to the bloody history of the Civil War. But when Pete is infected with a deadly disease, Myka and the rest of the team, including Artie Nielsen and Claudia Donovan, must track down a pair of cursed gloves—before a madman unleashes a virulent plague upon America!
