Navy instructor pilot from Michigan dies in training ...

Off-wing flight expose you to different techniques and instruction from squadron instructors other than your on-wing. This block goes into applying the emergency procedures and patterns you learned in the previous simulator block: PELs, Forced Landings, ELPs, & PPEL/P. Heavy emphasis will be placed on pattern operations and landings.

PICTURED: US Navy flight instructor and student killed ...

The T-6B's instrument panel and glareshield should look somewhat unfamiliar to a T-6A pilot. The T-6B has an air-to-ground mode that will let you designate targets and practice bomb runs. It also has an air-to-air mode that will generate a simulated bogie to chase around in your HUD, or let you chase around another T-6 if you're flying IP vs IP.

Their Navy T-6B Texan II aircraft ... The victims of a horror plane crash that sparked an inferno in Alabama Friday have been revealed as a US Navy flight instructor and her 24-year-old student ...
