6 Tips for Tailoring Jeans For a Perfect Fit

In sewing and fashion design, a pattern is the template from which the parts of a garment are traced onto fabric before being cut out and assembled. Patterns are usually made of paper, and are sometimes made of sturdier materials like paperboard or cardboard if they need to be more robust to withstand repeated use. The process of making or cutting patterns is sometimes condensed to the one ...

By the end of these videos you will be a master at using your sewing machine, understanding common settings and problems that might arise, and how to set it up.

Bespoke tailoring is the pinnacle of men's attire in terms of customization, time commitment, and cost. In today's article, our resident expert in bespoke tailoring and author of the influential The Gentleman book, Bernhard Roetzel, will share the basics of why bespoke is worth the money and how to get started.

Bespoke Tailoring Basics — Gentleman's Gazette

Sometimes you'll find a pair of jeans that fit well through the waist and hips, but the thighs are a bit too baggy for your liking. Or maybe you've got an old pair of straight leg jeans, and skinny jeans are more your style now. Lucky for you, tapering the legs of jeans to make them slimmer is a pretty straight-forward alteration for a good tailor, as long as you're not drastically changing ...

General WoW Gold Farming Tips Making a Gold Farming Character. You might be thinking that you don't need a designated gold farming character. I certainly didn't think so as I used my Paladin for countless hours of gold-making (Paladins are one of the slowest classes in the game).
