A hilariously candid account of one woman's quest to bring her post-baby marriage back from the brink, with life-changing, real-world advice. "Get this for your pregnant friends, or yourself." --People Recommended by Nicole Cliffe in *Slate* Featured in *People* Picks A Red Tricycle Best Baby and Toddler Parenting Book of the year One of *Mother* magazine's favorite parenting books of the year *How Not To Hate Your Husband After Kids* tackles the last taboo subject of parenthood: the startling, white-hot fury that new (and not-so-new) mothers often have for their mates. After Jancee Dunn had her baby, she found that she was doing virtually all the household chores, even though she and her husband worked equal hours. She asked herself: How did I become the 'expert' at changing a diaper? Many expectant parents spend weeks researching the best crib or safest car seat, but spend little if any time thinking about the titanic impact the baby will have on their marriage - and the way their marriage will affect their child. Enter Dunn, her well-meaning but blithely unhelpful husband, their daughter, and her boisterous extended family, who show us the ways in which outmoded family patterns and traditions thwart the overworked, overloaded parents of today. On the brink of marital Armageddon, Dunn plunges into the latest relationship research, solicits the counsel of the country's most renowned couples' and sex therapists, canvasses fellow parents, and even consults an FBI hostage negotiator on how to effectively contain an "explosive situation." Instead of having the same fights over and over, Dunn and her husband must figure out a way to resolve their larger issues

and fix their family while there is still time. As they discover, adding a demanding new person to your relationship means you have to reevaluate--and rebuild--your marriage. In an exhilarating twist, they work together to save the day, happily returning to the kind of peaceful life they previously thought was the sole province of couples without children. Part memoir, part self-help book with actionable and achievable advice, *How Not To Hate Your Husband After Kids* is an eye-opening look at how the man who got you into this position in this first place is the ally you didn't know you had.

Ask any mother and she will tell you there are just not enough hours in the day. By the time she has fed, clothed, and bathed the children, read *Curious George* for the 100th time, cut the crusts off the PB&J sandwiches, and removed the ground-in dirt from the play clothes, she does not have time to create a detailed scrapbook of each of her children's lives. It's no wonder that so many elaborate baby books remain incomplete, their pristine pages adding to the guilt and inadequacy that many moms already feel. That is why *The Mommy Journal* is so perfect for today's moms. It offers a quick and guilt-free way to record the special moments of childhood. Space for each entry is only about three

inches long and undated, so there is no pressure to write lengthy narratives or to journal every day. In less than five minutes, mothers can quickly jot down the moments they want to remember forever. Plus, unlike traditional baby books, *The Mommy Journal* lets mothers record memories of all their children in one place. Charming illustrations of toys, hearts, and animals grace each page. Every few pages contain a bit of parenting wisdom such as, "The best thing you can give children next to good habits are good memories." Instructions for fun activities moms can do with their children, such as make edible finger paint from instant pudding, are included as well. *The Mommy Journal* will become a treasured keepsake, both for the mom who creates it and for the child who receives this precious record of childhood.

An updated edition of the million-selling guide that accompanies you through the days, weeks, and months of your pregnancy. A modern classic translated into a dozen languages, *The Pregnancy Journal* provides daily entries that update you on your baby's development—as well as guiding you through the best health and nutrition decisions for both of you. With more than a million-and-half copies sold worldwide, this one-of-a-kind guide is the ultimate resource for today's expecting mother, now in its updated fourth edition.

From the author of *40ish Weeks and Pleased to Meet You*, this keepsake journal invites new parents to commemorate their baby's very own firsts and special favorites. Filled with colorful illustrations and prompts ranging from the classic (first step, favorite book) to the quirky (first diaper blow-out, favorite food to spit up)—plus a few "fill-in-your-own" pages—this cute little journal makes it simple for exhausted but well-meaning parents to capture all the sweet milestones and laughter-filled moments of life with their growing baby.

With the same brilliant combination of humor and warmth she brought to bestseller *Bird by Bird*, Anne Lamott gives us a smart, funny, and comforting chronicle of single motherhood. It's not like she's the only woman to ever have a baby. At thirty-five. On her own. But Anne Lamott makes it all fresh in her now-classic account of how she and her son and numerous friends and neighbors and some strangers survived and thrived in that all important first year. From finding out that her baby is a boy (and getting used to the idea) to finding out that her best friend and greatest supporter Pam will die of cancer (and not getting used to that idea),

with a generous amount of wit and faith (but very little piousness), Lamott narrates the great and small events that make up a woman's life. "Lamott has a conversational style that perfectly conveys her friendly, self-deprecating humor." -- Los Angeles Times Book Review "Lamott is a wonderfully lithe writer Anyone who has ever had a hard time facing a perfectly ordinary day will identify." -- Chicago Tribune
