The first issue of The Beano was published on July 30th 1938. This is the first-ever history of the best-known British comic of all time, reflecting on 70 memorable years. The book tracks the evolution of The Beano, decade by decade, from the period leading up to its launch The Beano at war, the fabulous fifties right through to the present day: an extensive in-depth look at the development, rise and enduring success of the most influential British comic of all time. The book includes a facsimile of the original 28-page issue, entitled The Beano Comic, featuring Eggo the Ostrich on the cover, and showing the full text and traditional narrative under picture style stories and the introduction of the speech balloons only format. The History Of The Beano, published during the 70th anniversary of the creation of the comic, has an insiders view, with previously unpublished material. It charts all the characters who have appeared over the years, as well as the editors, artists and writers past and present who have contributed to this great comic institution. Reg Carters Big Eggo was on the very first cover, and remained there for 10 years to be replaced by Biffo the Bear. Lord Snooty, created by Dudley Watkins, and Pansy Potter played their part in the war effort along with Musso the Wop and Winken & Blinken, created by artist Sam Fair. Dennis the Menace arrived in March 1951, closely followed by Ken Reids Roger the Dodger in 1953. This is a history which will bring back many memories. The Beano has touched every boy and girl growing up in the UK and many overseas readers, who will remember Tom Thumb, Jonah, Little Plum, The Bash Street Kids (which started out as When The Bell Rings), Minnie the Minx, Jimmy and His Magic Patch, Strang the Terrible, General Jumbo, Billy Whizz, Billy the Cat, Ivy the Terrible, Calamity James, and many, many more. Terrible, Calamity James, and many, many more.

It's a dark and lonely Christmas Eve in the dining room of ancient Soul's College. The kitchen boy, 11-year-old Lewis, has helped prepare a highly unusual meal, made with unrecognisable ingredients, cooked by a mysterious chef. And then the guests arrive ... and carnage ensues. They are ex-students of Soul's College, and they are all completely demented. They demand bottle after bottle of wine, flinging their cutlery and howling like banshees until ... silence. The Dean of Soul's College has arrived, and the evening's ceremonies must begin. For this is the annual meeting of a secret club for those who despise children, warmth, happiness, and above all Christmas. Each member must try to outdo the others by telling the most terrible, disgusting story they know. A spooky, shocking, bloodthirsty alternative to festive cheer that will appeal to, fascinate and delight young readers.

During the 1990s and 2000s, Peter Bagge worked mostly on his "Buddy Bradley" stories in *Hate* and a series of standalone graphic novels (*Apocalypse Nerd*), but in between these major projects this ever-energetic cartoonist also cranked out dozens of shorter stories, which are now finally being collected in this riotously anarchic book. Peter Bagge's *Other Stuff* includes a few lesser-known Bagge characters, including the wacky modern party girl "Lovey" and the aging bobo "Shut-Ins" — not to mention the self-explanatory "Rock 'N' Roll Dad" starring Murry Wilson and the Beach Boys. But many of the strips are one-off gags or short stories, often with a contemporary satirical slant, including on-site reportage like "So Much Comedy, So Little Time" (from a comedy festival) and more. Also: Dick Cheney, *The Matrix*, and *Alien!* *Other Stuff* also includes a series of Bagge-written stories drawn by other cartoonists, including "Life in these United States" with Daniel Clowes, "Shamrock Squid" with Adrian Tomine, and the one-two parody punch of "Caffy" (with art by R. Crumb) and "Dildobert" (with art by Prison Pit's Johnny Ryan)... plus a highlight of the book, the hilarious, literate and intricate exposé of "Kool-Aid Man" written by Alan Moore and drawn by Bagge. (Other collaborators include the Hernandez Brothers and Danny Hellman.) Bagge is one of the funniest cartoonists of the century (20th or 21st), and this collection shows him at his most free-wheeling and craziest.

Chris Murray reveals the largely unknown and rather surprising history of the British superhero. It is often thought that Britain did not have its own superheroes, yet Murray demonstrates that there were a great many in Britain and that they were often used as a way to comment on the relationship between Britain and America. Sometimes they emulated the style of American comics, but they also frequently became sites of resistance to perceived American political and cultural hegemony, drawing upon satire and parody as a means of critique. Murray illustrates that the superhero genre is a blend of several influences, and that in British comics these influences were quite different from those in America, resulting in some contrasting approaches to the figure of the superhero. He identifies the origins of the superhero and supervillain in nineteenth-century popular culture such as the penny dreadfuls and boys' weeklies and in science fiction writing of the 1920s and 1930s. He traces the emergence of British superheroes in the 1940s, the advent of "fake" American comics, and the reformatting of reprinted material. Murray then chronicles the British Invasion of the 1980s and the pivotal roles in American superhero comics and film production held by British artists today. This book will challenge views about British superheroes and the comics creators who fashioned them. Murray brings to light a gallery of such comics heroes as the Amazing Mr X, Powerman, Streamline, Captain Zenith, Electroman, Mr Apollo, Masterman, Captain Universe, Marvelman, Kelly's Eye, Steel Claw, the Purple Hood, Captain Britain, Supercats, Bananaman, Paradax, Jack Staff, and SuperBob. He reminds us of the significance of many such creators and artists as Len Fullerton, Jock McCail, Jack Glass, Denis Gifford, Bob Monkhouse, Dennis M. Reader, Mick Anglo, Brendan McCarthy, Alan Moore, Grant Morrison, Dave Gibbons, and Mark Millar.

Contributions by Paul Fisher Davies, Lisa DeTora, Yasemin J. Erden, Adam Gearey, Thomas Giddens, Peter Goodrich, Maggie Gray, Matthew J. A. Green, Vladislav Maksimov, Timothy D. Peters, Christopher Pizzino, Nicola Streeten, and Lydia Wysocki Recent decades have seen comics studies blossom, but within the ecosystems of this growth, dominant assumptions have taken root—assumptions around the particular methods used to approach the comics form, the ways we should read comics, how its “system” works, and the disciplinary relationships that surround this evolving area of study. But other perspectives have also begun to flourish. These approaches question the reliance on structural linguistics and the tools of English and cultural studies in the examination and understanding of comics. In this edited collection, scholars from a variety of disciplines examine comics by addressing materiality and form as well as the wider economic and political contexts of comics' creation and reception. Through this lens, influenced by poststructuralist theories, contributors explore and elaborate other possibilities for working with comics as a critical resource, consolidating the emergence of these alternative modes of engagement in a single text. This opens comics studies to a wider array of resources, perspectives, and modes of engagement. Included in this volume are essays on a range of comics and illustrations as well as considerations of such popular comics as Deadpool, Daredevil, and V for Vendetta, and analyses of comics production, medical illustrations, and original comics. Some contributions even unfold in the form of comics panels.
