### **The Blue Economy**

The Blue Economy is sustainable use of ocean resources for economic growth, improved livelihoods and jobs, while preserving the health of marine and coastal ecosystem. The Blue Economy encompasses many activities that impact all of us.

### **The Blue Economy - Home**

The 'Blue Economy' is an emerging concept which encourages better stewardship of our ocean or 'blue' resources. It underpins the thinking behind the Commonwealth Blue Charter, highlighting in particular the close linkages between the ocean, climate change, and the wellbeing of the people of the Commonwealth. At its heart, it reaffirms the values of the Commonwealth, including

The Blue Economy is not tailored to the large corpo-

rations, which have an established business model that will be hard to change. The Blue Economy rather inspires the young and the entrepreneurial minds and offers a broad platform of innovative ideas that have been implemented somewhere in the world to demonstrate that the future is bright, provided we go beyond the known and the obvious
