The latest Tweets from The Divided Brain (@divided_brain). Ideas. Science. Philosophy. The official account of THE DIVIDED BRAIN documentary based on THE MASTER AND HIS EMISSARY by Dr. Iain McGilchrist

THE DIVIDED BRAIN is a mind-altering odyssey about one man's quest to prove a growing imbalance in our brains, and to help us understand how this makes us increasingly unable to grapple with critical economic, environmental and social issues; ones that shape our very future as a species. THE DIVIDED...

The Master and His Emissary - Wikipedia

The Master and His Emissary: The Divided Brain and the Making of the Western World is a 2009 book written by Iain McGilchrist that deals with the specialist hemispheric functioning of the brain. The differing world views of the right and left brain have, according to the author, shaped Western culture since the time of the ancient Greek philosopher Plato, and the growing conflict between these views has implications for the way the modern world is changing. In part, McGilchrist's book, which is

The Divided Brain And The

THE DIVIDED BRAIN is the mind-altering documentary inspired by the book, "The Master and his Emissary" by Iain McGilchrist. It features Iain McGilchrist with actor-comedian John Cleese of "Monty Python", neuroanatomist Dr. Jill Bolte Taylor of TED Talks fame, pioneering neuroscientist Dr. Michael Gazzaniga, former Archbishop of Canterbury Rowan Williams, neuroscientist Jurg Kesselring ...

The Divided Brain - THE DIVIDED BRAIN documentary based on ...

Psychiatrist Iain McGilchrist describes the real differences between the left and right halves of the human brain. It's not simply "emotion on the right, reason on the left," but something far more complex and interesting. A Best of the Web talk from RSA Animate.

Iain McGilchrist: The divided brain | TED Talk

THE DIVIDED BRAIN is a mind-altering film that will radically change your understanding of the world and yourself. Renowned psychiatrist, neuroscientist and author Dr. Iain McGilchrist, takes

us on a journey to understand how our brains have made us a powerful species, while simultaneously creating social and environmental problems that threaten our very survival and the future of our planet.

BUY THE FILM | The Divided Brain

Why is the brain divided? The difference between right and left hemispheres has been puzzled over for centuries. In a book of unprecedented scope, Iain McGilchrist draws on a vast body of recent brain research, illustrated with case histories, to reveal that the difference is profound—not just this or that function, but two whole, coherent, but incompatible ways of experiencing the world.
