Scotland's Hidden Ways is a three-year project to open up nine of these lost roads, in partnership with local communities. Through environmental improvements, new maps and trails, immersive interpretation and some stunning new artworks, we plan to bring these lost roads and their stories to life for the benefit of all.

In The Hidden Ways, Alistair Moffat traverses the lost paths of Scotland - its Roman roads tramped by armies, its byways and pilgrim routes, drove roads and railways, turnpikes and sea roads - in a bid to understand how our history has left its mark upon our landscape. As he retraces the forgotten paths that shaped and were shaped by the lives of the now forgotten people who trod them, Moffat charts a powerful, surprising and moving history of Scotland.
