A daughter of Scottish spies who is

'touched by the fay'. A dispossessed Laird, raised in secrecy by loyal servants. And cruel rival clan leader who is determined to keep his spoils... Isobel Hay is the youngest daughter of Owena and Rory Hay, an unconventional couple that have been loyal spies for the King of Scotland all their lives. Their two eldest children, Gavin and Mairead Hay, have also proved themselves brave and loyal in service to the king—but flame-haired, blue-eyed Isobel is different. Her family have always known that their strange young daughter has been touched by the fay, but they are ill-prepared when she is drawn into clan warfare surrounding the man she has always known she will marry—the rightful Laird Mackenzie. Fergus Mackenzie was driven out of his home by the McGregors in a night of death and flames when he was but a child of eight summers, and hidden away by loyal servants until he is old enough to reclaim his heritage. But on that dreadful night, so long ago, Fergus had a vision of a red-haired babe that he thought of as his salvation. Both he and Isobel, raised in different homes, have always known that they were meant to be together. But ten weeks before Isobel is to wed Fergus, the warlike McGregors set fire to the Hay keep and steal Isobel away—along with her wee niece, Seona. Now it is up to Fergus to unite the restive clans who may have reason to rise up against the McGregors and the Gunns, and rescue his Isobel before they decide she is of no use to them and kill her. But will the clans support him? Are there enough of them? And... will he get there in time?

War, Lachlan MacDonald has conquered so many men on the battlefield—and so many women in the bedroom—that he is virtually undefeated. But one unlucky tryst with a seductive witch has cursed

him forever. Now, any woman he makes love to will be doomed for eternity... Lady Catherine is a beautiful lass of elite origin—or so she is told. Suffering from amnesia, she is desperate to find the truth about who she really is...or, at the very least, meet someone who inspires an intense memory or emotion. When she first lays eyes on Lachlan MacDonald, Catherine has a sixth sense that he holds the key that will unlock her past—and maybe even her heart. But how could she know that the passion she ignites in this lusty warrior's heart could consume—and destroy—them both?

Gareth and Brodie Hay have a not-so-shiny reputation in the highlands: brothers born just a twelvemonth apart, they are famous for their carousing in the local tavern: sampling the ale, teasing the wenches, and remaining unbeaten in games of chance. But when their mother Anna Hay becomes seriously ill, their father insists that one of them must take a wife to help run the keep and tend to his precious Anna. Neither wants to give up their free and easy lifestyle—so they decide to let a throw of the dice determine who will be the unfortunate groom. But then, who will he marry? The loser of the bet must choose from three young lasses presented by their eager families: Blair Menzies, Flora Forbes and Ailis Mackenzie. Blair looks singularly unimpressed by both lads, but seems capable of looking after their mother. Flora is a charming flirt that promises any man a lively time—but can she run a keep? And Ailis, with her regal bearing and cool exterior, could handle any crisis...but will she be a willing partner in the marriage bed? The ever-inventive Hay brothers come up with a solution that lands them in more hot water than they ever expected. The lass who is chosen soon lets

them know she is not one to meekly accept the role of a passive highlands wife, and leads her new husband a merry dance before summer returns to the Hay Keep!

Hamish Maclean has overcome many challenges in his life, but none so difficult as the one that faces him now: how to win the trust of a woman who has borne too much mistreatment in her life.

Jessie Gunn trusts no man, and has good reasons for feeling that way. Renowned for his fierceness on the field of battle, and especially for the hot temper that has seen many a warrior quail, Hamish has been content to encourage the rumours that enhance his reputation. It's to his benefit that other clans and warriors think twice before facing Hamish Maclean. Until now—when he yearns for a woman who abhors violence and thinks that Hamish is the embodiment of all she detests. Hamish has never forgotten his first sight of Jessie Gunn. Then a quick-tempered youth with blood running hot in his veins from battle, he came across the young lass cowering in a dungeon: battered, bruised and covered in the blood of one of Cormag McPherson's cruel guards, lying dead close by. Jessie was then like a wild thing, ready to attack any male who came near her. Now, six years later, she is content with her life in the service of her beloved mistress Caitriona, safe in the Maclean keep. She is adamant, however, that she has no use for a man. Then disaster strikes, and once again Hamish and Jessie find themselves caught up in a war between clans caused by a woman's need to defend her honour. Hamish is distraught about bringing trouble to his clan, while Jessie is terrified that she will lose her freedom. Laird Maclean has a solution—but will the troubled pair agree?

A rebellious lass who is forced to wed. A groom still mourning his lost wife and child. It's not a recipe for a happy union in the Highlands of Scotland... "That wildcat in the Chisholm clan," is the way most people describe Mairi Chisholm. Mairi makes no secret of the fact that she would rather be out taking down a wild pig with her childhood friend Iain, the fletcher's son, than plying a needle with the women. Her father, tired of her

rejection of one suitable match after another, finally presents her with an ultimatum: Marry Alastair Maclean or spend the rest of her life in the priory. Mairi knows that she would never survive in a priory, locked away from her beloved outdoor pursuits. But nor can she endure the thought of a loveless marriage to Alastair, who has never stopped mourning the loss of his adored first wife Madeline in childbirth. Left without choices, Mairi becomes Alastair's wife. Life is every bit as bad as she feared. Alastair's sister Rhona clearly does not want to see her brother married to the Chisholm wildcat, and Alastair himself is as cold as the frigid wind that blows across the Highlands. Mairi resolves to resign herself to the demands of the marriage bed, and devote her life to raising bairns with the love she was never shown. But one day, she finds herself in more danger than she has ever known... and everything changes.

Gavin Hay is devastated when he learns that his parents, who have spent their lives in dangerous service to the King, have disappeared while on a mission. He sets off to find them, not knowing whether he'll be rescuing or bringing them their bodies—with his fey sister Isobel's whispered parting words echoing in his brain: "Gavin, you must trust only a lass who is marked in scarlet, with hair like a lad..." He finally arrives at the Menzies Keep, knowing that he must keep his wits about him with these known traitors, or he will be despatched as speedily as his lost parents. But he finds an unexpected ally: the girl spoken of by his wee sister Isobel. Firtha, a lowly maid in the keep, is treated worse than the curs that scrounge around the muddy yard. But she is brave, and resourceful, and eager to help the son of Lady Hay, who was so kind to her. But life in the Highlands is

not easy, especially for a King's spy. Gavin has to call upon all his strength and cunning to face his enemies and to find out the fate of his parents. And Firtha? Dare she dream that one day she might be more than a maid to Gavin Hay?

After the crowning of Robert the Bruce, Sir James Douglas is sent to the Scottish borders to wreak havoc on those loyal to Edward of England. But his plans go wildly astray when Lady Ailish Maxwell's brother is captured by her traitorous uncle. James has every intention of finding the lad but when Her Ladyship announces she's joining the quest, he's not about to let her go, no matter how beautiful her crystal eyes, or convincing her silver tongue. And Ailish will not sit idle while her brother, the true heir to the Maxwell dynasty, is taken deeper into the enemy's lair. After putting forth every ounce of reasoning she can muster, Sir James agrees to allow her to pose as his wife. But what she doesn't count on is falling in love with the braw Highlander. And as they ride farther into enemy lands, they cannot ignore the intensity of the passion simmering between them—though it could very well ruin everything they have worked so hard to preserve.

In the Highlands of Perthshire a deadly feud had existed, from time immemorial, between the Lises of Inchavon and the Stuarts of Lochisla. In the days when the arm of the law was weak, the proprietors had often headed their kinsmen and followers in encounters with the sword, and

for the last time during the memorable civil war of 1745-6. But between the heads of the families, towards the latter end of the last century, (the period when our tale commences,) although the era of feudal ideas and outrages had passed away, the spirit of transmitted hatred, proud rivalry and revenge, lurked behind, and a feeling of most cordial enmity existed between Stuart and Lisle, who were ever engaged in vexatious law-suits on the most frivolous pretences, and constantly endeavouring to cross each other's interests and intentions,—quarrelling at public meetings,—voting on opposite sides,—prosecuting for trespasses, and opposing each other every where, "as if the world was not wide enough for them both;" and on one occasion a duel would have ensued but for the timely interference of the sheriff. Sir Allan Lisle of Inchavon, a man of a quiet and most benevolent disposition, was heartily tired of the trouble given him by the petty jealousy of his neighbour Stuart, a proud and irritable Highlander, who would never stoop to reconciliation with a family whom his father (a grim duinhe-wassal of the old school) had ever declared to him were the hereditary foes of his race. The reader may consider it singular that such antiquated prejudices should exist so lately as the end of the last century; but it must be remembered that the march of intellect has not made such strides in the north country as it has done in the Lowlands, and many of the inhabitants of Perthshire will recognise a character well known to them, under the name of Mr. Stuart. It must also be remembered, that he was the son of a man who had beheld the standard of the Stuarts unfurled in Glenfinnan, and had exercised despotic power over his own vassals when the feudal system existed in its full force, before the

act of the British parliament abolished the feudal jurisdictions throughout Scotland, and absolved the unwilling Highlanders from allegiance to their chiefs.

For Wade is convinced that the woman is Mairead Hay, a Scottish spy to whom he owes his life. Worse, he knows that Col has vowed to kill them both. Wade and Anne find themselves not only fighting for their lives, but also fighting their feelings for each other...
